Letter from the Editor

2022 is in the Books!

An Almost back to normal Year is coming to a fine end. So many topics around the world and closer to home have had our attention for almost the entire year.

I'm not going to try and cover the entire world but instead just look at some topics for the fast approaching banquet season :) Before heading out to the SCI National Convention in late Feb, our event will be on Feb 4th. (I'm not saying you can get all your hunts and trips cheaper than at national, but you probably can :))

Another new item this year is the OSCSCI Blue Bag program. We have done Blue Bag's in the past but a few new twists

have been added this year. 1st, thanks to Jerry at USGun-Totes, we are logo'ing up the bags and each time a bag is brought back for another trip, will will embroider the County, Hunter Family Name and Year on the bag. Making a road

map of it's travels and our Oklahoma impacts on the world. These are not just for Africa trips, the WORLD needs our help.

More on this later in the magazine.

Our focus will be on Education programs again. Yes we get involved in the politics and rules of Oklahoma and the World too but with an education focus we can impact more and hopefully one day educate enough educators to understand conservation and support our hunting efforts. Last year we sent kids to Texas, Wyoming and all over Oklahoma. Unfortunately the Jackson

Hole Airport was closed all summer so our teachers did not get to go on their trip :(We are in need of a land owner in Oklahoma or surrounding states to host our 2 Senior Essay Contest Winners.

This past year we had to send our kids all the way to Wyoming for their hunt. Now this may sound like a grand adventure, the added travel time and cost was exceptionally high. If anyone knows of a land owner or outfitter that would like to support our Oklahoma Kids as well as get a lot of publicity for their support—please have them contact me!!!!

Essay Contest Sponsored By:

OKLAHOMASTATIONSOCI.ORG

Theme: Students must use the theme, Hunting: Sharing the Heritage, Archery: What I like about Archery in the Schools and Bowhunting or the concept of the theme to develop an expository essay or short story.

Eligibility: Students ages 11-17 currently enrolled in any Oklahoma School and home school students are eligible for participation. Winners of the 2021 contest are not eligible. Applicants must have successfully completed an Oklahoma Hunter Education course by the entry deadline.

Number of Entries per school: There is no limit to the number of entries per school.

Specifications:

- Essay or short story should be double-spaced on white, 8 1/2 x 11 paper, with 1 1/2 inch margins on top, bottom and sides. Typewritten copy is preferred. All essays or short stories must be legible.
- Length should not exceed 1,000 words (four typewritten pages) for short stories, or 500 words (two typewritten pages) for essays.
- Students must have successfully completed an Oklahoma Hunter Education course by the entry deadline.
- Papers should be carefully proofed for spelling, punctuation, capitalization and grammar.
- A completed entry blank must be used as a cover sheet and stapled to the essay or short story. Entry must be typed or clearly printed and signed by the teacher or youth group leader.

Judging: All essays or short stories will be judged in one of two categories: 11-14 age group or 15-17 age group. Applicants will be judged on the use of the theme concept, creativity, neatness, proper grammar and punctuation. Winners of the statewide competition will be notified by phone:

Prizes:

- **In the 11-14 age category:** One boy and one girl will get a hunting trip at Rack Attack Outfitters in Fairview, Oklahoma or similar and receive a scholarship to the Outdoor Texas Camp for hunting during the summer of 2023. The Oklahoma Station Chapter of Safari Club International will reimburse the winners travel expenses up to a maximum of \$500 per Essay Contest Winner.

Apprentice Hunter Program Information: Outdoor Texas Camp's hunting camp is a unique, hands-on camp designed for girls and boys aged 9-16. The program covers hunting techniques, shotgun skills, survival, GPS use, tracking and interpreting sign, small and large caliber rifle skills and scoring and aging deer.

- **In the 15-17 age category:** One boy and one girl will go on a guided antelope hunt in the panhandle of Texas or similar. Winners in this category must comply with appropriate game laws for the hunting season. The Oklahoma Station Chapter of Safari Club International will reimburse travel expenses up to a maximum of \$500 per Essay Contest Winner. This trip is subject to change based on Texas Parks and Wildlife Department harvest number rules to be released in September. If the rules other things prevent a hunt from taking place, an alternate hunt will be arranged.

The four statewide winners and their legal guardians will be invited to attend an awards ceremony in 2023. In addition, the top 25 essay entrants will receive a one-year membership to Safari Club International. The four state winners' entries will be printed in the Oklahoma Station Chapter Safari Club International December Newsletter "Safari Trails". Printing makes the essays eligible for consideration in the Outdoor Writers Association of America Youth Writing Contest. Essays may also be printed in Outdoor Oklahoma magazine. Hunting: Sharing the Heritage

My family has been hunting since before I was born. My sister, mom, dad, grandad, and great grandad have been hunting for over 50 years. The love of hunting runs in my family. My family's heritage consists of harvesting deer, making them into jerky, and spending time with my family.

It all started with my great grandad. He started hunting, and he has killed more deer than one can count. Then he taught his son, my grandad, how to hunt.

My grandad still hunts to this day! Then the same heritage was passed down again! Also, my grandad taught his son, my dad, how to hunt. My dad and grandad's favorite hobby to do together is probably to go hunting. I do not blame them! It is one of my favorite pastimes. They use bows or rifles to kill the animal that they are hunting. The animal that is hunted most in my family is deer. My dad was the one who taught my mom, sister, and me to hunt! He is the best hunter I know. My mom has killed four deer. My sister has also killed four deer! I have killed five deer.

My family consumes every deer we harvest by turning them into deer jerky. We have our own setup, which includes: jerky marinade, a slicer, and a commercial dehydrator. Every year it is my goal to kill at least one deer to have my own, delicious deer jerky.

The first deer I killed, I used a crossbow. Then I wanted to try something a little different, so I tried using a 6 mm Remington. I loved using that gun, so that was the one I used to kill the other four deer that I shot. The first year that I hunted with a

gun, my dad took me out to the farm and made me sight in my gun. Once I got it sighted in, he woke me up early the next morning, and we went to my great grandad's house to get set up for the hunt. My dad had previously set up a deer blind, and we went to get into the blind. While sitting in the blind, we both watched through our binoculars, and then in came the doe. I shot her with my 6 mm, and she dropped right there. This made me really excited, but I think it excited my dad more.

My family's heritage consists of harvesting deer, making them into jerky, and spending time with my family. To say the least, my family would not be the same without getting to go hunting every year. It is definitely a privilege that my family has made this a tradition. I hope that this heritage continues on for many more generations.

Sharing The Heritage

I have been hunting for a lot of my life. I have learned a lot about the animals and nature and learned to enjoy and respect them. I started hunting when I was 6 or 7. I never really liked it but my dad liked taking me, so I went with him. I had a good 8-point walk in front of me when I was little. That's when I started liking it because when I saw him my blood started pumping. I watched him for 30 minutes. He was hitting scrapes and eating. I hadn't had much other experience with bucks other than that. I went deer

hunting in 2020 after I hadn't went in like a year. I wanted to go so my dad made sure I could shoot his 25-06. I shot the 25-06 and his 30-30.

My dad told me that there were a few deer that I could shoot. He had 5-8 bucks that would come out in one of his fields. We went hunting in the evening of opening day of youth rifle season. Because he had taken my sister that morning and all they saw was a bunch of does.

We had left the house and it took 10 minutes to get to our spot, so we left my house at 3:00pm.

We got there and after an hour of sitting there a doe came out and about five minutes later a little buck started chasing her. I was thinking about shooting him, but my dad told me if I waited a bigger one would probably come out. I waited for another hour then when the sun started setting, more bucks started coming out. Finally, I seen one I wanted to shoot so I got ready, I pulled the trigger and missed. We got down and looked for forty five minutes, but could not find the deer. We never found blood either so we started walking back to the

truck. I was so sad I had missed the deer I wanted to shoot.

We had put out cameras for 2021 so I had a list of deer to pick from. I had picked two of them that I liked, a blind 9 point and a 11-point split G2 buck. I woke up to my dad turning on the light. I got up to take a shower with soap that takes away your scent. After I got out of the shower, I got ready to go. We got in the truck and headed to our spot. When we got there we had already planned on where we was going to sit. We had pictures of more bucks at the feeder than anywhere else so that's where we sat. all we saw were some ok bucks but nothing huge. Skip pass a few weeks till regular rifle season my dad went hunting with a bow during that week to see if there were any big bucks that would show up. He seen a deer that we called short 8. He was a big 8 pointer but he was only 4 and a half years old so my dad thought he needed another year. The buck had some good brow tines too but he had broken them off in a fight.

We didn't really see anything that morning but we kept hunting hard. I had got up and got ready. Finally, we get in the tree stand.

(continued)

It was about ten minutes after we climbed in the tree stand we could see a buck coming towards our feeder. I checked him out to see how big he was but I couldn't quite tell if he was very big so I waited till he got closer and we had realized that it was our 11 point buck that had split G2s. we had got a lot of pictures of him on camera and this was our second year we have had him on camera. My dad tells me "if you are going to shoot him get ready" so I get the gun ready, put the

scope on him then I decide to

let him grow because we think he was four last year when I saw him and bucks can still grow after being four so I let him go. We climbed down and went and got breakfast. We talked about the morning hunt all that day then my dad asked if I wanted to go hunt a new spot and I said yes. So the last Saturday in rifle season we go

hunting out there and all I see at first is a few small bucks. I look up 20-25 minutes before dark and

there are three does coming my way. Ten minutes later I look up and there is a decent buck coming my way. I get my gun ready because I knew he was big enough for me to shoot him. He stands in some thick stuff for about 5 minutes then I start getting worried about legal shooting time then finally he steps out, I get my crosshair behind his shoulder for a lung, shoot and pull the trigger. I look up after I shoot him with a 25-06 from 50 yards and he ran off along the hill I'm standing on. I watch him till I can't see him no more. I wait 30 minutes then we

go look for him. I remembered where he was standing and we had blood right where he was standing.

I started following his blood trail then we lost it for about 5 minutes. We found the blood trail again. About 100-150 yards later he was laying there. I was so happy I has shot my first deer and it was a 9-point buck. I had sent a picture of my deer to my whole family. They were happy for me too. I took him to a place to clean it so we didn't have to do it. I got his head so I got a skull mount done on him.

Fun Fact.

3 of the 4 "Grand Slam" Turkeys reside in Oklahoma. One trip to Florida for the 4th and you have your Slam taken care of.

Can you name them?

life for most people. They would live off the of the meat and fur of the animals they killed. Of course, hunting has evolved over the years. Now we have specialized guns and realistic decoys, but the culture still remains. People still love and appreciate he outdoors and all that hunting is able to provide.

One of my earliest memories of shooting was when I was eight. My dad had refurbished my great-grandpa's old rifle for me to use.

We went to the shoot-

ing range and he

taught me how

to shoot and

handle fire-

arms safely. As I

grew older, he taught

me all about different

types of guns and he

built my first hunting

rifle. Through my childhood, I had

been exposed to various types of

hunting because my dad and

grandpa were avid hunters. It was

something I was always interested

in doing when I was older. When I

got that first hunting rifle, I felt so

excited finally get to be a part of

that family heritage I had heard so

much about. My dad would set up

deer-shaped targets and show me

where to hit the deer. I was taught

a lot about the anatomy of animals

and how to ethically and humanely

harvest them. He taught me how to

hunt with rifles, bows, crossbows

and even muzzleloaders. These are

some of my favorite memories.

When I started hunting, my parents

made sure that I understood the importance of hunting. Harvest deer isn't just about the deer chili and the trophy mounts on the wall. Hunting is used as a critical wildlife management tool. For example, without deer hunting, the population of deer would explode. They would over-graze and cause harm to other wildlife and to the land. Not only that, the deer would suffer from a lack of food and shelter. I've learned that I should always respect nature and help to conserve its natural beauty. Oklahoma is an amazing place to live. Our state is home to over 100 different mammal species and has one of the most diverse ecosystems with over ten different ecoregions. This provides different types of wildlife in each part of the state. I consider myself so fortunate to live in this great hunting state!

Sharing The Heritage

Hunting is a part of my family's heritage. From deer and antelope to turkey, geese, and wild hogs, we have always loved the thrill of the hunt. Hunting is something that has been passed down from generation to generation. I learned how to hunt from dad and grandpa and they both learned from their parents. What an amazing opportunity hunting can be for a child to make memories with those they love. From the very beginning, hunting has been a way of

left of rifle season. On the last day of Thanksgiving break, my grandpa and I had gone out with low expectations when all of the sudden a buck walked out in the clearing. I lined up my sights and slowly pressed the trigger. It was a good-sized, healthy six-point buck. Back then I didn't care about getting a trophy buck. I was so excited that I had finally accomplished my goal. It was also a great teaching moment because I learned a lot about patience and perseverance through that hunting experience.

Shooting the deer wasn't the end of the experience for that night. My grandpa taught me how to field dress the deer.

He and my dad showed

me how to harvest all of the deer meat from the carcass. It was important to them that I understood shooting a deer was about so much more than just the hunt. I had to know how to make use of the whole deer. These were building blocks for developing an appreciation of the hunt and the harvest. That memory with my grandpa is one that I know I will cherish for my entire life.

The memories that I make every year during this four-month season are the kind what will last forever. I will always remember how my grandpa puts in so much time and effort to take me deer hunting each year. He wakes up way before the

sun comes up and goes to bed long after the sun has set just to go sit in the biting cold with me. I can see how much time he invests in the land and the wildlife every year to ensure that we have a good hunting spot for years to come. One day, I look forward to getting to share these experiences with my children and their children as my family has done for me. I rest assured in the knowledge that one day hopefully many years from now when he's gone from this Earth, I will be able to reminisce on these wonderful memories that I have made with him. For now, I will be thankful for every opportunity we have and continue to make and cherish these memories of my hunting heritage.

Sharing The Heritage

(Continued)

My first hunting season is one I'll never forget. My grandpa took me deer hunting. We would go out into the field on the weekends and after school. For the longest time, I never saw a deer. We had several cameras set up around the area. When we looked at the pictures, we would see bucks at the feeder. I continued to go out but wouldn't see anything in person. At this point, it was getting late in the season and we had only a few days

My Hunting Heritage

It all started in 2017 when I finally was able to convince my father to take me deer hunting. I remember seeing pictures of my cousins and uncle with their big bucks, and I knew immediately that I wanted to shoot one of my own. We have trained bird dogs and bird hunted for as long as I can remember, but that was all we did. That was all Dad and my grandfather had ever done, and they were satisfied with that, so they naturally leaned more towards bird hunt-

ing rather than deer hunting. I finally told Dad that I was going to ask my uncle to take me, which got Dad's attention and instead take me.

Later on opening day of rifle season, dad and I were sitting in our stand at the back of our property. We watched a few does move through for about two and a half hours before any real activity took place. All of a sudden, the does eating at the feeder were spooked and took off into the trees at the

opposite of the field. Not a minute later, a buck comes running gout of the trees and up the tree line. I was 11

years old, so I could not tell if his rack was amazing or not, I just wanted to take him down. He stopped, turned perfectly broadside about 100 yards away, and I pulled the trigger.

About 30 minutes later, we climbed down and began to search for blood where he had been standing. We looked for a good 30 minutes in that area, and we started to get doubtful. I remember dad still standing there with the flashlight looking for blood as I walked into the trees where I had seen him enter the woods. I walked for another 10 yards and what I saw next brought tears to my eyes and joy to my heart. I saw the deer draped over a log with its head propped up on a branch. I quickly called Dad

over, and we dragged him out of the woods so we could see him better. Upon further examination, we determined that this was not just any buck, but this was a non-typical buck with 19 points. All I remember was Dad hugging me and telling me how proud he was of me. I am reminded of that night every time I walk in the door and see the buck on the wall.

Ever since then, I was different. Dad and I would go hunting every chance we got. Before I had only gone duck hunting when it was not too cold. Even when I did go, I would not really hunt. I would always pet the dog and blow my call annoyingly. Now, I assist in training our dogs and want to pursue wildlife ecology as a career.

It is safe to say that hunting and the memories provided have changed my life and brought my family closer together.

OSCSCI Blue Bag Program

How to support:

Bring some items to our event(s).

Direct donations.

Buy One of the Blue Bag logo'd items at our event(s).

Giving back to communities is an SCI/F family value. SafariCare Blue Bags are filled by chapters, individual members, church groups or even groups of schoolchildren or scouts. The contents may include medical, educational, and other relief supplies, or clothing and toys. The Blue Bag is taken to remote areas of the world by hunters who have planned hunts in these regions. The supplies are delivered directly to villages, clinics, orphanages and schools, doctors, caretakers and teachers to use with people in need. SCI and SCIF, like so many organizations, put forth enormous effort each year to help improve the quality of life throughout the world.

How to Use: Contact US before your next trip anyplace. All places on Earth need support of some sort or another. Contact your PH or Outfitter of specific area needs. Together, we will get the items together, a letter for the airlines to ship for free, and prep a bag. You take the bag and contents on your trip. Take a lot of pictures and videos and bring them and the empty bag back to us.

OSCSCI, with the help of U.S. Gun Totes will Embroider your Family Name, County of Trip and Year on the bag.

The next person or Family to go on a trip, contact us and repeat.

Let's make our OSCSCI Bag and community be a world impactor as we adventure the Globe!

Conservation Education Scholarship

Essay Contest Sponsored By:

Two educators will be awarded a scholarship to an eight-day conservation education school at Safari Club International's American Wilderness Leadership School (AWLS). The AWLS program covers many different aspects of conservation education. Lodging, meals and training materials will be provided by Oklahoma Station Chapter Safari Club International. Transportation to AWLS Site, will be covered by the Oklahoma Department of Wildlife Conservation.

Educator applications are judged in categories such as:

- Training in conservation education or environmental education programs.
- Current programs you are conducting in your school and community with a conservation and environmental emphasis.
- Past programs you have conducted with a conservation and environmental emphasis.
- Teachers of state winners in the youth essay contest: Hunting: Sharing the Heritage, will receive priority consideration.

The AWLS program is conducted during the summer. AWLS presents an outdoor program for educators which concentrates on natural resource management and provides participants with a base knowledge from which they may evaluate conservation efforts. Participants learn about stream ecology, map and compass, language arts and creative writing in an outdoor setting, fly tying, shooting sports, wildlife management, camping, white-water rafting, educational resources and how to implement outdoor education ideas. Six sessions will be offered June through August of 2023.

- Financial support for a “Quality Deer Management” program in Lincoln County, OK.

RESTORATION OF RUFFED GROUSE & PRAIRIE CHICKEN -

Financial support towards restoration of ruffed grouse and Greater Prairie Chicken habitat in Oklahoma. Support for Audubon Society/OSC conservation project to protect the threatened Lesser Prairie Chicken in Northwest Oklahoma in conjunction with the Lesser Prairie Chicken festival.

INTRODUCED EIGHT (8) ELK INTO THE EXISTING HERD IN SE. OKLAHOMA

-Chapter financed the purchase, transportation and release of 5 mature bred cow elk and 2 mature bulls plus radio-collar transmitters for monitoring purposes. These 8 elk will improve the gene pool in the existing elk herd in SE Oklahoma which is in cooperation with the Timberline Elk Ranch, Cushing, Oklahoma, and the ODWC. WE HAVE AN ELK HUNT! Way back OSCSCI populated the herd, now it is a reality! OK, not just OSCSCI effort but it was key!

AIR BOAT (18 X 8’), 502 CU. INCH CHEVROLET ENGINE 502 HP RATING WAS PURCHASED FOR OKLAHOMA DEPT OF WILDLIFE CONSERVATION USE.

Over the past several years, the ODWC has worked to develop comprehensive lake-level plans supporting Japanese millet-seeding programs on Oklahoma Corps of Engineers lakes. Most of these areas are inaccessible to conventional boats due to very shallow water depths and are quite extensive in size, ranging from just a few acres to several hundred. The airboat offers a much higher degree of safety and durability, in addition to increased accessibility to the seeding areas, essential to ensuring the program’s continued success.

[ODWC Contributions](#)– Since the foundation of the Oklahoma Station Chapter of SCI, over \$ 300,000 has been funded for various Wildlife Department programs either through direct funding or purchase of equipment for ODWC use.

Education

[OSU SHOTGUN CLUB](#) – OSU Gun Club Representing Oklahoma State University, is dedicated to practicing and teaching gun safety while also participating in recreational shooting. We participate in competitions with other universities all over the United States, including but not limited to Wyoming, Colorado, Texas, Kansas, and others. OSCSCI worked with the gun club to fund their new Trailer and cargo container for on-site storage for all equipment as well as Liberty Safe for storing shotguns used by club members.

SIGNIFICANT FINANCIAL SUPPORT FOR YOUTH EDUCATION & OUTDOOR PROGRAMS – Archery in the Schools program (\$ 19,500), Last Frontier Council - Boy Scouts of America; Eddy Eagle Gun Safety program; Make a Wish Foundation, Youth Hunter Education Challenge, & the 4H Youth Shooting Team. Further provided initial funding to the ODWC to facilitate The Oklahoma Scholastic Shooting Programs and introduction in the schools of the Explore Bow Hunting Program

OKLAHOMA CITY GUN CLUB YOUTH SHOOTING AREA – Helped fund the structures needed to create a separate youth shooting area and the gun club with a \$1500.00 donation

OKLAHOMA DEPT OF WILDLIFE CONSERVATION COLORING BOOKS - We purchased 65,000 wildlife conservation coloring books for school children.

[CREATIVE WRITING COMPETITION](#) -An annual youth essay writing contest that focuses on America’s hunting heritage sponsored through the Okla. Dept of Wildlife Conservation. Two students in the 11-14 age category win scholarships to attend a weeklong conservation program. One boy and one girl, 15-17, each win a guided pronghorn antelope hunt and presentation of their mounts at the Annual OSC Awards Banquet & Charity Fundraiser. Norm Strung Youth Writing Contest – all category winners are put in for the National award years. Our Oklahoma kids win this VERY regularly!

[CONSERVATION EDUCATION SCHOLARHIP - AMERICAN WILDERNESS LEADERSHIP SCHOOL](#) - Each year, our Chapter and the Okla. Dept. of Wildlife Conservation sponsor two Oklahoma educators, and some years 3, for an 8-day experience at SCI’s Granite Ranch near Jackson, Wyoming, in fields of wildlife ecology, firearm safety and shooting sports, camping, white-water rafting, stream ecology, natural resource management with a base knowledge from which to evaluate conservation efforts. They bring this training back to their classrooms to educate thousands of Oklahoma youth on the value of hunting as a wildlife management tool. Outdoor skills are also learned which include wildlife conservation, habitat management and additional outdoor sports skills are taught and learned including survival and all safety features of the shooting sports and other activities such as camping, hiking, fishing, wildlife and plant identification etc.

[STEP PROGRAM](#) – Okla. Dept of Wildlife Conservation’s Shotgun Training Education Program (“STEP”) – OSCSCI supported this program by originally purchasing a custom built 26-foot long gooseneck equipment trailer. OSC purchased two additional trailers. These trailers carry the program’s portable trap machines, firearms, ammunition, safety and gun maintenance equipment. In the past 10 years, 100,000 persons in the state of Oklahoma (65% are youth under the age of 18) have participated in STEP, learning the importance of hunting as a conservation and management tool and improving their shooting skills to ensure the humane harvesting of wildlife.

[OPERATION GAME THIEF TRAILER](#) – Okla. Dept of Wildlife Conservation’s [Operation Game Thief \(“OGT”\)](#) – OSCSCI supported this program by supplying funding in excess of \$28,500. The OGT is a program of the Oklahoma Department of Wildlife Conservation designed specifically to stop illegal killing of the fish and game which belong to YOU, whether you’re a sportsman or not. It’s a big problem with no simple solution. Help from the public sportsmen, makes a difference.

One day before the opening of a recent deer season, two men killed four whitetail bucks. Late one summer night, three men steered their boat across a state reservoir, stopped at their illegal net site and hauled in a load of striped bass and other open-water fish they could sell for \$1 a pound on the commercial market.

In each of these examples, you were the loser. You lost hunting and fishing opportunities or the chance to view wildlife in their natural surroundings. At the same time, law-abiding sportsmen received a bad reputation from those who fail to distinguish between legal and illegal hunting. OGT is something everyone can do to help wildlife and help us apprehend the poachers.

OKLAHOMA WILDLIFE EXPO – Our Chapter supports the ODWC - Wildlife Expo with significant funding and with workers. This is the biggest and the most successful comprehensive hands-on outdoor education experience and recreation event in State history. Approximately 45,000 attend annually. In 2008, OSC began “Predators of Oklahoma” with a game for thousands of youth to identify the animals and win a prize for successfully doing so (all eventually won). This program continues each year.

WILDLIFE HERITAGE CENTER MUSEUM, ANTLERS, OK. – Our Chapter contributed to the building of the museum/learning center in SE Oklahoma. The operation is a joint agreement of the Okla. Dept of Commerce, Okla. Tourism and Recreation Dept and the Okla. Dept of Wildlife. The facility will be utilized as a regional tourism attraction while at the same time serving as a wildlife and natural resource conservation public education center.

SAFARI IN A BOX - Safari in a Box is a K-12 education kit designed to provide exciting, hands-on learning. It gives teachers and others who work with young people resources and ideas to introduce youth to important concepts of habitat, wildlife management and impacts resulting from human and wildlife interactions. Initial SIB placement was in memory of OSC member David Rocker.

"SCI SAVES CSI" - 2009 support of OSU's "Insect Adventure", a project which teaches basic conservation principles to over 300,000 individuals in Oklahoma each year (and also contributes to the conservation of the endangered American burying beetle, a species valuable in Crime Scene Analysis).

Humanitarian Services

SAFARI-CARE – On numerous occasions, OSCSCI members have traveled internationally and carried medical, educational and relief supplies to villages in need of support.

SPORTSMEN AGAINST HUNGER – OSCSCI originally funded 100% of operating expenses for the program in excess of \$200,000 annual budget. OSC also managed the program State-wide for over 10 years. OSC continues to financially support this program annually, with a \$ 2,000 contribution to ODWC.

SENSORY SAFARI DAY - A hands-on adventure for sightless and sight-impaired children and adults. Members loan their animal mounts for these people to see for the first time, through their fingertips, animals from around the world. The event is co-sponsored by the Okla. Dept. Wildlife Conservation, Oklahoma Station Chapter - SCI and the H&H Gun Range.

VETERANS' HUNTS – OSCSCI organized Mid-East-Conflict veterans' hunts in conjunction with Jay Barczak of Wild Game Outfitters-Duchess Creek Ranch, Porum, OK, and in conjunction with other supporters.

- Three veterans were drawn from public nominations for guided elk and deer hunts, which were complete with all accommodations.

- OSCSCI and Mankazana Safaris presented a Purple-Heart veteran the hunt of a lifetime. OSC supports our troops who protect our freedoms!

- OSCSCI hosted a disabled Marine Sniper Scout on a PERECT July Sheep hunt with Windsong Adventures in Eastern Oklahoma.

OSCSCI BLUE BAG PROGRAM – New in 2022, we project sending 1000's of dollars with our world travelers to buy supplies and needs to the kids and area needs of the paces they travel. Upon returning the blue Bag, we will embroider the Family Name, Country of Visit and Year on the bag. The next trip, repeat. Lets see how many place of the World the OSCSCI can impact!!

All of the wildlife mounts in the Arcadia Oklahoma training center for the Oklahoma Department of Wildlife Conservation have been donated to the Department by an Oklahoma Station Chapter SCI member -value of the donation in 2010 was valued in excess of \$49,000 at the time of the donation by a certified master appraiser.

Exhibitor/Merchandise Donation Program

Oklahoma Station Chapter SCI is your partner in Oklahoma that protects the freedom to hunt worldwide for all hunters and not for any specific species. We do this through; millions of dollars of funding special programs, trailers to the ODWC and OSU, ELK purchases for state lands, Habitat program funding, Education Programs, and much more. OVER 70% of ALL donations stay right here in Oklahoma to support our state.

We have over 400 VIP's who attended our banquet each year that spend 100's of thousands of dollars. That is (400 sets of eyes) that your product, logo and name gets direct marketed to. 95% of all of these eyes live in the state of Oklahoma and are focused!

Our banquet is on Feb 4th 2023 at the Oklahoma History Center, and will have 40 booths for Exhibitors/Vendors. The price of a space is \$325 and includes 2 tickets for the evening's banquet. Setup will start at 1PM, the space will be open for spectators from 5PM till banquet close around 11PM. ALL vendors will be published in our "International Award-Winning Banquet Program!" in print and online for the entire year!!

Payment can be done in direct dollars OR in donation. Donate to us over \$325 in items we can use in our banquet and get your booth for free!! This is the 7th year of this vendor program and future years it is expected to grow. Get in now or a future booth request may have you looking in from the outside.

Come enjoy a night of fun and fellowship with your fellow sportsman as we celebrate
A night of memories, vendors, food and Premium Open Bar. Don't miss out!
Doors Open at 5PM

Special Notice

The hunts and trip included here will be present at the banquet for your bidding and buying fun, but they are not labeled as silent or live auction, some may be in ticket games and there even may be a few more added.

The included pages should not change but this is a changing world. There may be some small modifications but you can hang your hat on them as is. If you have a personal preference if you want to battle for them in Silent or Live Auction, let us know and we will try and make it so. Also, if there is one you definitely want, contact us so we can make sure it is included at the event Some items simply will not make the cut.

One last note, if you know an outfitter who would like to donate to the cause and get involved in saving his business, feel free to send me contact information or have them contact me for inclusion. We don't close the door until days before so there is still time.

Accommodation for this hunt is unique: an 18th century lodge which has been refurnished with all modern facilities. It is based in one of Spain's oldest bull-fighting ranches, where you will be able to see and take pictures of these free, impressive and beautiful animals in the wild and if you enjoy a challenge you are welcome to fight one of them.

If you are keen on culture and tradition, you will enjoy visiting Salamanca. This city is one of the best examples of Romanic and Gothic Art in the World. It is full of Roman Bridges, Cathedrals, Castles and Monasteries and a visit is highly recommended if you come with a companion on this trip. Salamanca was elected the European Capital of Culture in 2002.

ALFONSO FABRÉS has been in the outfitting business for 30 years. He is Vice-President of Spain's Hunting and Tourism Association. Belongs to Board of Directors in Castilla-León States for hunting resources.

Director of the Spanish Professional Hunters Association. He has also won the Spanish Award from the Spanish Hunting Federation. He was the guide to the King of Spain when he twice took the all-time World Record Spanish Ibex.

We do this with knowledgeable guides, experienced dogs, and plenty of birds. We offer traditional Kansas field hunts for Pheasants and Quail on gently rolling terrain with quality cover. We hunt birds every day from October 1st through March 31st. Our hunting fields are a combination of native Bluestem grass and wooded creek bottom located in Kingman County. We also offer deer hunts with a variety of prime Whitetail habitat locations. We are able to accommodate hunters through both rifle and archery season, as well as black powder. Spring Turkey hunting is a great option as well with much of the same land advantages. We can assist with guiding you toward this opportunity or you can try your own luck as a self guided option as well.

Umngane Safaris is an exclusive family owned hunting destination in the heart of the Waterberg area in the Limpopo province of Southern Africa; 2.5 hours' drive North of Johannesburg airport. Umngane means 'friend' in the Zulu language, and as our name suggests we aim to provide the ultimate African Hunting Safari for you, your friends, and family. This malaria-free facility is home to some of Southern Africa's finest species of antelope, small carnivores and a large variety of birds.

With conservation as our main aim, we offer ethical hunting opportunities to hunters who share our passion for wildlife and desire to see a diversity of species flourish and grow. Umngane offers rifle, compound bow, crossbow, horseback hunting and wing shooting.

In addition to hunting on our home soil at Umngane, we have our prime, privately owned and closely managed concessions that comprise over 70 000 acres in Kwa-Zulu Natal, Freestate, North West and Northern Cape regions, where we offer quality hunting, freshwater fishing and wing shooting experiences, not to mention the vast lands of our neighboring countries. Hunting in Africa is a childhood dream for any big game hunter! In the modern-day hunting industry this no longer needs to be just a dream.

At Umngane we aim to provide our clients with the most exclusive, exciting and memorable hunting experience they can imagine. We meet as strangers but part ways as Umngane – friends.

**GIANT BLUEFIN TUNA for 3 off
CANADA'S PRINCE EDWARD
ISLAND**

\$2450 Min

Value: \$ 6250

The **GIANT BLUEFIN TUNA** is the hardest fighting fish in the ocean and legendary for not only breaking 130lb Class Rods and Penn International Reels...but the **Spirits of Grown Men**. Lose one, or share your rod with a Partner, and it's understandable...Hell, it's a **GIANT BLUEFIN TUNA!** Land one on your own...**mano y mano...with a Stand-Up Rig** and you have **Bragging Rights for the REST OF YOUR LIFE.**

Well...**Three (3)** of you will be fishing for **GIANT BLUEFIN TUNA** for Two (2) Days off Prince Edward Island (PEI), the **Tuna Fishing Capital of the World**, with the most famous Tuna Fishing Family on the Island...Bruce Keus on his boat the "North Lake Breeze". **Bruce and his Father, Cor, hold 4 World Records.** Bruce has also been featured on TV Show's such as Trevor Gowdy's "Monster Fish" and National Geographic who filmed Bruce feeding 800lb Tuna out of his hands.

One of the past year's Buyers provided this quote...*"Peter, we are on our way back from PEI...WOW! We caught 8 Giants, three of them 10-11 plus feet long & all well over a 1,000 pounds!!! The smallest Tuna we caught was around 700-800lbs. We were actually almost hand feeding the Tuna at the side of the boat. Thousands of fish. It was just Incredible. You have to see it to believe it!!!"* That same Buyer has been back 3 times!!!

In addition to the Tuna Fishing you'll have an opportunity to fish for cod if your **KNOT too tired and can still hold a rod in your hands**...and enjoy some of the most beautiful beaches in the World while touring the Island and learning about PEI's history that's been tied to the ocean since the Vikings.

BEST Months are August & September...Trip is GOOD for 2023 or 2024 Season.

Includes all tackle, baits, and lodging. Excludes licenses, meals, alcohol and **TIPS!**

What: 3 Days, 4 Nights

Where: Leeville, Louisiana

When: 2023/2024 (Apr - Oct)

Who: 2 Adventurers

Value: \$ 4995.00 Min: \$2700.00

Welcome to South Louisiana, the fisherman's paradise. Safari Unlimited has made the commitment to put you on the fish. You will be spending 4 nights on our beautifully appointed and restored 15'x40' 1964 all aluminum hull houseboat. Our house boat mothership and separate fishing boat have space for 4 anglers and the captain. The House Boat boasts 2 staterooms with queen /bunk configuration, full size shower, bathroom, separate up top Captains quarters, Kitchen and dining area. It features a full walkway around the boat and stairs to the top floor dining and kitchen area. The fishing can happen literally off the side of the boat. 3 full days of fishing are included in our comfortable center console with some break from the sun if needed. Fishing will consist of Plying the marsh flats for Redfish and popping the beaches and bays for Speckled Sea trout and a wide variety of other targeted species including Pompano-white trout-black drum-variety of sharks-flounder and Gaff-top Catfish. No rough water here just endless miles of tidal marsh-canals man made rock jetty's' and beaches. All quality tackle and live bait provided. Captain Nate "who is a pirate at heart-all the good parts" and can't wait to host you on the boat. With that said, if weather allows we can run to the rigs and catch our limits of a variety of in season snappers, grouper, and cobia etc. for an upcharge per day. At the end of the day your catch will be filleted and iced ready for the trip home. With the most liberal fish limits of all the Gulf States the odds are in your favor for a great trip, time and time again.

TEXAS PIGS

What: 3 Days, 2 Nights

Where: Silverton, TX

When: 2023/2024 (Year Round)

Who: 2 Adventurers

Value: \$ 2395.00 Min: \$1700.00

Come explore thousands of acres of the charming cowboy Wild West Panhandle of Texas. Located on the edge of the Palo Duro Canyon, this night pig hunt will give you the perfect taste of adventure as we combine two different styles of hunting! This 2 night hunt includes lodging with a full kitchen or several local restaurants will give you a taste of west Texas and famous "TexMex" cuisine. Listen to the sounds of baying dogs in the canyon darkness, broken apart by the snorts and squeals of Boars with some serious attitude. Long Time professional Houndmens and incredible dogs make this worth the trip to see them work. Get up close and personal if you "Can Handle the Adventure" and dispatch your Boar with a "Texas Pig Sticker". Drive along the fields and on the rim and flats above the canyon while night scoping for groups of forging and damaging pigs as they marauder through croplands. Once spotted, make a stalk using our weapons and ammo topped with the latest in Thermal imaging scopes. Many large boars are taken on this hunt, but the best eating are the sows and smaller ones. Make sure to bring along a big cooler because at the price of meat these days this is a good chance to fill your freezer. No limit on pigs for this adventure.

Included in this package: lodging, meals, firearms, guides, transport during trip, gun usage

Not Included: Airfare, no license needed for pigs

**SOUTH TEXAS NILGAI “BULL”
HUNT...for 1 HUNTER and 1
NON-HUNTER**

\$2200 Min

Value: \$ 6250

This is a **2-Day Hunt** for **1-Hunter** and **1 x Nilgai Bull** on a **Private Ranch** outside of Raymondville, TX. The **Nilgai Antelope**, or Blue Bull, was introduced to the **King Ranch** back in the **late 1920's**. They adapted so well to the Coastal Plains of South Texas that they can now be found anywhere from just **south of Corpus Christi**, all the way down **to the tip of Texas**...as there are **few fences** that can keep an animal of this stature within its borders. Currently there are **more Free Ranging Nilgai** in **Texas**, than in their native home of **India!!!**

At close to **700 pounds** of thick hide, dense muscle and heavy bone, it takes **no less** than a **.300 Win Mag** to bring down a mature Blue Bull, **but seldom with only 1 shot**. Many hunt them with guns more commonly used when hunting Cape Buffalo, Lion, Hippo and Elephant. **Shoot them square in the shoulder to break the bone**, then shoot them again in the vitals, and **don't stop** until your **Guide tells you to**. **FYI...Winchester Arms ranks the Nilgai as the 2nd Toughest animal to kill...behind the Cape Buffalo!!!**

Once down...the **Devil Horned Nilgai**, and **challenge of hunting** such a tough animal, will be **trumped by the quality of its Venison**, as it is some of **The Best Venison** that you will ever eat...so come prepared with **plenty of jumbo ice chests** because it's not uncommon to **take home 250 – 350 pounds**.

Adam Batot, owner of Double Shot Outfitters, has included **Lodging** and **Meals** in your package. In the evenings around the campfire, or after the Hunt, **visit with him about some of the other Hunting Adventures** here in Texas, **and around the world**, that they can guide you to.

Additional Hunters may be added at **Regular Price** for Nilgai Bull or Cow, and **Non-Hunters** at **\$150**.

Your Hunt **MUST take place** between **March** and **September of 2023** or **2024**...and **Excludes** a Valid Texas General Hunting License; Firearms & Ammo; Travel to/from the ranch; Alcohol; and **TIPS!!!**

COURTESY of **ADAM BATOT** of **DOUBLE SHOT OUTFITTERS** and **PETER VELASCO** of **HUNT FOR ADVENTURE**

7 DAY RED STAG HUNT

VALUE: \$10,000.00 Min:\$4250

What: 7 Day/6 night Scotland fully guided Hill Red Stag hunt for 1.

- ✓ Lodging, meals included
- ✓ Includes round trip airfare.

Where: Lands of Loyal Hotel, Alyth Scotland

When: September/October 2023 if available, 2024

- ✓ Available in an alternate year by arrangement

(Bring a non-hunter along, they will have a great experience touring historical sites, castles, and shopping at a cost of \$2,450.00)

Without question, our red stag hunt in Scotland is at the top of the list of the most exciting and exceptional hunting values that we at International Adventures have put together in the thirty plus years we have been taking people big game hunting.

Our hunters are housed at the luxurious Lands of Loyal, an 18th Century duke's estate, that serves some of the best meals you will find anywhere in the world.

Your hunt includes the harvesting of one hill stag. These are stags that have been born and raised in the high Scottish heather and are allowed to reach maturity that enables them to sport a nice set of antlers.

We will also include the shipping, importing, and clearing of their trophies on a cost basis under our own US Fish and Wildlife import/export permit (huge savings) within 60 days of the conclusion of our hunt.

SAFARIS & HUNTING LODGE

What: 7 Nights, 6 Days, Impala, Warthog and Blue Wildbeest

Where: Johannesburg, South Africa

When: 2023 or 2024

Who: 1 Hunter

100% Donation

Value: \$ 9000.00

Not Included: Trophy Fees of any added hunts, \$575 Transport roundtrip to/from airport.

We would like to donate a 6 day hunt to your chapter for one hunter, who can bring one hunting buddy with him who pays a discounted fee of \$200 per day and gets one Impala free in order to help conserve our hunting rights and freedom to hunt which is everyday coming under threat and pressure from the animal right propaganda brigade. Ours is an 100% inclusive donation and we will look after your lucky winner entirely from the time he lands at O R Tambo international airport in Johannesburg to the time we drop him off after the 6 day hunt. It includes all board and lodging , travel and all hunting including the Trophy Fees.

Our motto 'Conservation Through Sustainable Utilization' is closely followed. Ours is a self-sufficient game ranch with solar energy utilization, rainwater harvesting and sustainable breeding herds. Though we use the resources available, we make sure never to destroy the integrity of the land. Waste-water is cleaned naturally through oxidization dams. The cleaned water runs back into drainage lines, which ultimately feed underground aquifers, thus creating a full natural water cycle. Fire is a natural part of the ecosystem, control of runaway fires is vital, but correct burning is essential for the long-term health of the natural environment.

CAJUN GATOR HUNT & SHRIMP BOIL for 2

Value: \$ 6250

\$2200 Min

The **Most Important Species NOT** listed on the North American Endangered Species List is the **AMERICAN YOUTH**. With the number of Hunting Licenses being sold continuing to go **DOWN**, and the average age of the Hunting License Holder continuing to go **UP**...we could lose many of our **Rights & Privileges** (not to mention our Right to Bear Arms) as **Hunters** in the next 2-3 generations if we don't find a way to engage today's Youth in the **Outdoors and Hunting**, and slow down the decline!!!

With that said...How about taking your Son, Daughter or Grandchild along with you on this AMAZING CAJUN GATOR HUNT... Grab your "Who Dat" Hat, a Buddy or Little Buddy, and head down around Erath, Louisiana for this **2-Day / 2-Night Gator Hunt** in the Louisiana Marsh for one **(1) Gator EACH**. Size doesn't matter, but too large and the meat is a little tough with a hide full of scars from battling other **Gators for 50-60 years**...too small and there's not enough meat and all you'll be able to make from the hide is a wallet for your Wife. The **"sweet spot"** is a **7ft - 8ft Gator**. Hunting is by **Bait, Hook & Shot**. **Free Range Spot-N-Stalk** out of the boat is available, if requested, but your chances for success are more limited.

You'll meet the Boys who'll take you on a swamp boat ride to the Lodge down on the Bayou. At night you can **lower the Wing Net in the Bayou** as the Marsh empties back into the Gulf and **catch between 50 and 100 pounds of Sweet Bay Shrimp** per night. Bring plenty of ice chests because **you won't be able to eat it all** and will want to take some home with you.

Fill your Tags early and they'll take you fishing...**Book your Gator Hunt during the Early Teal Season** and you can **upgrade your package to include some Duck Hunting** as well for a nominal fee. Also, may be **upgraded to include additional Hunters** and Non-Hunters at regular prices.

Check with your Outfitter on the Louisiana Gator Season. It changes based on the calendar, but generally runs the entire month of **September**. This Hunt/Package is good for the **2023 AND 2024 Louisiana Gator Season**...so you have plenty of time to get Mama some Gator Leather for a **New Purse and Matching Belt!!!**

Does NOT include travel, Hunting Licenses, alcohol or TIPS!!!

Take a spectacular break from Life and head to the Lake with 4 of your friends and do any of the great things Oklahoma Lakes offer! The flexibility of a SeaDoo Switch Pontoon boat will astound you. We could go fishing with the cruise set at 1MPG so no need for a rolling motor, then pump it up and Ski, Tube, Wakeboard at up to 30MPH (40MPH with only 1 on board), pull up to a party cove as the cool kids, or even bow fish at night with all the LED's lit up 😊 The plan of what to do it up to you, the rules onboard and captaining fall to me.

DragonClerk will bring the boat, life jackets, some fishing gear (but we are not a fishing outfitter) the gas for the day, bow fishing gear, water toys (AirChair, Tube, Water Guns, etc), fuel and cover all lake permits for the boat for the day. All you have to do is show up at the dock and step on.

I'm not opposed to make it a full weekend, but only 1 tent fits on the boat big enough for 2, which is for me, but I do have tents if you want to put up with the shore tent life, I don't like rocks and bugs so I will stay on the boat 😊 Another option is super late night, swimming in the dark while anchored in the deepest area sonar can find, or fall duck/goose hunting after the top and sides get put back on to make it dry and warm.

In reality, there are so many options, one could never list them all here so lets go get wet ... or at least get on the

water!!
