Teddy Roosevelt's Home

Theodore Roosevelt was a Rough Rider, through and through -- and his home in Oyster Bay, NY was a perfect reflection of that. As perhaps the manliest of all presidents past, Teddy's home is a virtual reliquary of all things manly and tough.

The man who would later in life become the namesake for the "Teddy Bear," Roosevelt was an avid outdoorsman and lover of wildlife. From 1885 until his death in 1919, Roosevelt called the "Summer White House" his home. He lived here with his wife, Edith, and six children.

The "Summer White House" was always brimming with activity. In 1905, Roosevelt added the North Room to accommodate his growing family and guests. The room spans 30X40 feet and stands 20 feet high. On festive occasions, the family would clear the furniture and convert the room into a dance parlor.

For all its idiosyncrasies, the Sagamore Hill "Man Cave" remains one of the most endearing and storied presidential homes.

OKLAHOMA STATION

The future of hunting is up to each one of us. It is our financial donations, our efforts in the political arena, and our ability to educate the uninformed public of the important role hunting plays in the welfare of the animal population and their habitat. Our activities and energy must focus on 3 areas - Conservation, Education, and Governmental affairs.

We, the members of SCI, are the last best chance that wildlife has to survive in a healthy habitat, and we have to preserve our right to hunt.

Oklahoma Station Chapter, SCI is a 501 c (3) Charitable Status Organization

OKLAHOMA STATION – SCI SUPPORTS AND CONTRIBUTES FUNDS LOCALLY & NATIONALLY

Protect the Freedom to Hunt

FINANCIAL SUPPORT TO PROTECT OUR FREEDOM TO HUNT & WILDLIFE CONSERVATION PRORAMS - Thirty percent (30%) of net monies raised by the Oklahoma Station support programs that provide for full time staff lobbyists & biologists in Washington, DC. SCI is the only hunting organization that has full time lobbyists & biologists working to provide sound scientific information to influence legislation and regulations that affect hunting both at the federal and state levels. 70% of funds raised by the Oklahoma Station are used in Oklahoma for hunting education, wildlife conservation and humanitarian services programs.

FINANCIAL SUPPORT TO OTHER CHAPTERS FIGHTING ANTI HUNTING REFERENDUMS IN THEIR STATES. 2008 support to Alaska Chapter to defeat a wolf referendum that would decimate ungulates (DEFEATED!).

Conservation

OKLAHOMA HABITAT DONOR PROGRAM -

- Financial support for the Hackberry Flats Wetlands project, Frederick, OK.
- Financial support for a “Quality Deer Management” program in Lincoln County, OK.

RESTORATION OF RUFFED GROUSE & PRAIRIE CHICKEN - Financial support towards restoration of ruffed grouse and Greater Prairie Chicken habitat in Oklahoma. 2009 support for Audubon Society/OS conservation project to protect the threatened Lesser Prairie Chicken in Northwest Oklahoma in conjunction with the Lesser Prairie Chicken festival.

INTRODUCED EIGHT (8) ELK INTO THE EXISTING HERD IN SE. OKLAHOMA - Chapter financed the purchase, transportation and release of 5 mature bred cow elk and 2 mature bulls plus radio-collars transmitters for monitoring purposes. These 8 elk will improve the gene pool in the existing elk herd in SE Oklahoma which is in cooperation with the Timberline Elk Ranch, Cushing, Oklahoma and the ODWC.

2005 AIR BOAT (18 X 8'), 502 CU. INCH CHEVROLET ENGINE 502 HP RATING WAS PURCHASED FOR OKLAHOMA DEPT OF WILDLIFE CONSERVATION USE. Over the past several years, the ODWC has worked to develop comprehensive lake level plans supporting Japanese millet-seeding programs on Oklahoma Corp of Engineer lakes. The vast majorities of these areas are inaccessible to conventional boats due to very shallow water depths and is quite extensive in size ranging from just a few acres to several hundred. The airboat offers a much higher degree of safety and durability, in addition to increased accessibility to the seeding areas, essential to ensuring the program's continued success.

ODWC Contributions – Since the foundation of the Oklahoma Station of Safari Club International, over \$250,000 has been funded for various Wildlife Department programs either through direct funding or purchase of equipment for ODWC use.

Education

SIGNIFICANT FINANCIAL SUPPORT FOR YOUTH EDUCATION & OUTDOOR PROGRAMS – Archery in the Schools program (\$ 9,500 in 2008), Last Frontier Council - Boy Scouts of America; Eddy Eagle Gun Safety program; Make a Wish Foundation, Youth Hunter Education Challenge (\$ 700 in 2008) & the 4H Youth Shooting Team.

OKLAHOMA DEPT OF WILDLIFE CONSERVATION COLORING BOOKS -
We purchased 65,000 wildlife conservation coloring books for school children.

APPRENTICE HUNTER PROGRAM -A youth essay writing contest that focuses on America's hunting heritage; co-sponsored by the Okla. Dept of Wildlife Conservation. Two students in the 11-14 age category win scholarships to attend a weeklong program at the YO Ranch in Mountain Home, Texas. One boy and one girl, 15-17, win a guided pronghorn antelope hunt in New Mexico and presentation of their mounts at the Annual Awards Banquet & Charity Fundraiser.

THE AMERICAN WILDERNESS LEADERSHIP SCHOOL - Our Chapter and the Okla. Dept. of Wildlife Conservation sponsor up to two Oklahoma educators for an 8-day experience at SCI's Granite Ranch near Jackson, Wyoming in fields of wildlife ecology, firearm safety and shooting sports, camping, white water rafting, stream ecology, natural resource management with a base knowledge from which to evaluate conservation efforts. They bring this training back to their classrooms to educate thousands of Oklahoma youth on the value of hunting as a wildlife management tool.

STEP PROGRAM – Okla. Dept of Wildlife Conservation's Shotgun Training Education Program – OSC-SCI supported this program by purchasing a custom built 26-foot long gooseneck equipment trailer and recently added two more trailers in 2008. These trailers carry the program's portable trap machines, firearms, ammunition, safety and gun maintenance equipment. In the past 10 years 100,000 persons in the state of Oklahoma (65% are youth under the age of 18) have participated in STEP, leaning the importance of hunting as a conservation and management tool and improving their shooting skills to ensure the humane harvesting of wildlife. These trailers have enabled the ODWC to expand this program, reaching thousands more Oklahomans.

OKLAHOMA WILDLIFE EXPO – Our Chapter has supported the ODWC - Wildlife Expo with significant funding and with workers. This was the biggest and the most successful comprehensive hands-on outdoor education experience and recreation event in state history. Approximately 45,000 attend annually. 2008 OS featured "Predators of Oklahoma" with a game for thousands of youth to identify the animals and won a prize for successfully doing so (all eventually won the prize).

WILDLIFE HERITAGE CENTER MUSEUM, ANTLERS, OK. – Our Chapter contributed to the building of the museum/learning center in SE Oklahoma. The operation is a joint agreement of the Okla. Dept of Commerce, Okla. Tourism and Recreation Dept and the Okla. Dept of Wildlife. The facility will be utilized as a regional tourism attraction while at the same time serving as a wildlife and natural resource conservation, public education center.

SAFARI IN A BOX - Safari in a Box is a K-12 education kit designed to provide exciting, hands-on learning. It gives teachers and others who work with young people resources and ideas to introduce youth to important concepts of habitat, wildlife management and impacts resulting from human and wildlife interactions. Initial SIB placement in memory of OS member David Rocker.

“SCI SAVES CSI” - 2009 support of OSU’s “Insect Adventure”, a project which teaches basic conservation principles to over 300,000 individuals in Oklahoma each year (and also contributes to the conservation of the endangered American burying beetle, a species valuable in Crime Scene Analysis).

Humanitarian Services

SAFARI-CARE – OS members have traveled internationally and carried medical, educational and relief supplies to villages in need of support. OS has funded the excess baggage charges for three international trips in 2008. In 2008, OS members have purchased educational supplies out of country and donated them to a remote Zulu school with much appreciation.

SPORTSMEN AGAINST HUNGER – Chapter originally funded 100% of operating expenses for the program in excess of \$200,000 annual budget. In addition, managed the program State wide in excess of 10 years. Oklahoma Station continues to financially support this program annually and in 2008 we supported this program with a \$ 4000 contribution to ODWC and has made a contribution of \$2,000 during 2009.

SENSORY SAFARI DAY - A hands-on adventure for sightless and sight-impaired children and adults. Members loan their animal mounts for these people to see for the first time, through their fingertips, animals from around the world. The event is co-sponsored by the Okla. Dept. Wildlife Conservation, Oklahoma Station - SCI and the H&H Gun Range.

VETERANS HUNT – OS organized a Mid East Conflict, Veteran’s hunt in conjunction with Jay Barczak of Wild Game Outfitters, Duchess Creek Ranch, Porum, OK and in conjunction with other supporters. Two veterans were drawn from public nominations for a guided elk hunt complete with all accommodations. OS supports our troops who protect our freedoms.

**ONE OF OUR
TOP
SUPPORTERS
FOR MANY
YEARS!**

Description: The Rio Grande turkey population on the Chain Ranch is simply outstanding! Just ask Dick Kirby, owner of Quaker Boy Game Calls. Dick hunted the ranch in the spring a few years ago and was amazed at the number of turkeys he saw during the two day hunt.

Liberal bag limits in Oklahoma and Kansas allow each hunter to bag several toms during the spring season. The population of long beards on the ranch has never been better. We've harvested more than thirty toms in a single spring season.

Unfortunately for the farmers of Northwest Oklahoma, the hogs are here! This is great news for the off-season hunter. The State of Oklahoma does not recognize hogs as a game species, therefore we can hunt them year around with no bag limits.

Although our club members enjoy hog hunting on the entire ranch, we have set aside a very special area for hog hunting by non-club members as well. Our success rate is about 90% for all hunters. We can accommodate rifle, archery, blackpowder, and pistol hunters. Our average hog killed weights between 150 and 175lbs, but we routinely kill hogs over 300lbs. For some added excitement, ask about our hog hunts with hounds, it will cost you a little extra but it is absolutely some of the most exciting hunting you will do! For available hunting dates, please see our [reservation calendar](#).

All accommodations are available on a fourteen-day advance reservation system. Although kitchen facilities are available, meals are not provided.

About the destination: Our region is one of the most famous fly fishing places in the world. PWT operates on rivers and lakes inside and outside of Lanin National Park in Neuquén Province, North Patagonia. Surrounded by the most spectacular views, our waters are the perfect environment for the famous Patagonian Wild Trout. More than 250 miles of wild waters in 8 different rivers; more than 10 lakes; 15 lagoons, small streams and creeks... all of them with plenty of Brown, Rainbow and Brook Trout... The chance of the trophy of a lifetime is always waiting within our waters.

Summary of a typical day fishing with Patagonia Wild Trout...

...7 a.m.: we knock on your door, and a big breakfast will be waiting for you.

...Forty five minutes later our vehicles will be ready to depart.

...After only a twenty to forty minutes drive, we will be arriving at the river where our guides will be waiting with our boats ready to start the day.

...We get in our waders, five minutes of briefing, and ready to fish!

...We will float the most beautiful rivers, alternatively stopping to wade the best pools, runs and riffles.

...Noon: a fine lunch will be awaiting in some remote and breathtaking island (Appetizer, Gourmet main course, choice of salads, desert, local red wine...)

...And still half a day remains to keep on discovering the secrets of Patagonia.

...Around 7:30 p.m., after fishing the rest of the day (enjoying the beverages and snacks that the boats carry), we will be back at the meeting point where our drivers will take us back to the Lodge. Once there, after a nice warm bath we will enjoy excellent cheese, exquisite appetizers and an outstanding gourmet dinner.

...After such thrill and enjoyment, breathing the pure Patagonian air, our bodies will be more than ready for a good night's rest because a new river will be waiting for us the following day.

Your only other expense will be your Texas hunting license (a 5-day non-resident special license is available for exotics, including aoudad and hogs, for approximately \$48).

Non-hunters may accompany the hunters and experience first-hand the exciting pursuit of free-ranging aoudad in this beautiful country. Non-hunters also have the option of going into town to shop, or they can stay on the ranch and sight-see in the areas we will not be hunting. Most non-hunters usually stay on the ranch and take advantage of the outdoor activities such as hiking, fishing, arrowhead hunting, or just relaxing.

Inkspot Outdoors provides hunting services on the Inks and Dutch Mountain Ranches located in Llano Co, Tx. Both the Inks Ranch and Dutch Mt. Ranch are "Texas Century" ranches and have been in the same family for over 100 years." We offer a variety of hunts on many exotic and domestic animals in a diverse terrain landscape. The animals that freely range are Axis deer, Fallow deer, Aoudad sheep, Mouflon sheep, Blackbuck antelope, Spanish Ibex, Whitetail deer, Rio Grande Turkey, and Feral hogs. Once you experience the hunting in our "heaven" you will know you earned your stripes. The animals are wild and all hunts are 100% fair chase with the countryside that has yet to be tamed. The adventure you will embark on will be a lasting memory.

ACTION WHITEWATER ADVENTURES

Model 84M in .308 Winchester

Continuing The Legacy

Economy of scale. The Kimber Model 84M is the first ultra-lightweight production rifle that combines classic design, hand finishing and the advantages of a Mauser claw extractor for true controlled round feeding and extraction. Accuracy is ensured by the match grade barrel, chamber and trigger, along with pillar bedding. Every dimension is minimized, putting this rifle in a class by itself.

RETAIL VALUE \$1,187

The Model 84M action is designed with absolute minimal dimensions for the .308 Win. family of cartridges. This is the primary reason Model 84M rifles weigh some 2 pounds less than those from other manufacturers.

Model 84M actions are bedded to the stock on twin aluminum pillars for strength and accuracy. Models in big game calibers also have glass bedding. Sculpted steel bottom metal has a floorplate release inside the trigger bow.

Proper stock design and a recoil-absorbing 1-inch Pachmayr® Decelerator® recoil pad on most models diminish felt recoil. Straight comb stocks slide back, not up and into your cheekbone.

- Three-position wing safety acts directly on the cocking piece for greatest security.
- Models with walnut or Kevlar/carbon fiber stocks are glass bedded at the recoil lug.

Breakfast is on your own...the bunkhouse has all utilities, including a microwave...fix your own breakfast there before ranch personnel take you to the field. Type of hunt: One hunter for 6 Days/7 Nights for black bear
Where: British Columbia, Chilcotin wilderness area
Date(s) of Trip: May 25-31 & June 1-7, 2011 or similar dates in 2012
Value: US \$6,000

Description: Guided Black Bear Hunting in British Columbia, rifle or archery.
Hunt dates are when the bears are fresh from hibernation, and hides are excellent.

This area has a very high population of LARGE color phase black bears, because of excellent habitat and the fact that it is not over hunted. We mainly hunt them only two weeks in the Spring season when they are fresh out of hibernation and concentrated on feeding areas where they are relatively easy to find and stalk. The hides are excellent at that time, much better than coastal bears because of our colder temperatures. Success rates are very high during this time, averaging 170% for many years, because many hunters will shoot two bears. The hides range in size from 5 feet to 8 feet squared.

Our bear hunting camp is located on a remote lake 80 miles West of Prince George, where I pick you up for the drive to the camp. Prince George has daily commercial flights from Vancouver, and you may also drive to Prince George. The camp is located right in great bear hunting, with good feed close by. From our bear camp we drive old logging roads that lead through old logged areas that produce excellent feed for the bears. We are able to spot and stalk the bears without long hikes. Often we can glass them from a distance and judge their size. We pick up the hides at the camp soon after the kill and fly them to the freezer at the lodge, insuring no spoilage occurs. Rainbow trout are plentiful at the bear camp, also at the main lodge at Moose Lake, where you may stay and fish after you have shot your bears. The floatplane flight to the main lodge for fishing is included in the package price.

Your hunt is 1x1 guided and includes the kill fee for one bear. You may take a second bear, paying only the US\$800 kill fee. Your hunt also includes the transportation from Prince

George, and the delivery of your trophies to a local taxidermist. A second hunter may be added for US \$6,000 1x1 guided, or the second hunter may share your guide for US \$4,750. As with your hunt, the second person's hunt includes the air charter and the kill fee for one bear; and a second bear may be added for an additional US\$800 kill fee.

Hunting license cost is \$180 CAN. Each bear license costs \$180 CAN. There is a Non-Resident Hunting Preservation Fee of \$125 CAN. All fees are subject to a 6% tax. [2010 costs quoted] All guides in BC charge the NRHP fee, and all guides in Canada charge the 5% tax. These license costs, fees, and tax are in addition to the hunt prices but the outfitter will purchase the licenses for you in advance. Any required firearms permit fees, transportation from your origin to Prince George and return, and tips are costs in addition to the hunt fees.

If you've investigated Canadian bear hunts, you've probably found them ranging in price from \$2,500 for the baited tree stand hunts to \$9,000 for a 2-bear hunt on Vancouver Island. The Fawnie Mountain hunt is for the hunter that wants super guides, big bears, quality food and accommodations, many great memories, all at a reasonable price.

Your hosts, the Blackwells have owned and operated this business for over 40 years. Some of the guides have been guiding here 17 years, some 13 years, etc. There is a sense of competition among the guides to find the biggest bears. The organization knows how to produce a quality hunting experience for trophy animals.

Suitable rifles are available if a hunter chooses not to bring his/her own. Archery is acceptable. Handguns are not permitted.

A non-hunting companion could stay at the lodge, with fishing and hiking as the activities; or may stay in the bear camp and accompany the hunter in the 4x4 and watching/filming the stalk. Fishing is also available at the camp. Cost for the non-hunter is US\$1,500, including the pick up in Prince George and the float plane flight to the main lodge at Moose Lake.

REASONS TO CHOOSE THIS HUNT

1. Our enthusiastic and professional guides.
2. Our high success rate on big bears for many years.
3. Our great food, accommodations and equipment.
4. Our big, plentiful, color phase bears.
5. Our commitment to good service, with no more than 6 bear hunters in camp at one time.

 *Observer may upgrade to hunter.
 Additional hunters and/or observers are not required but are welcome at regular
 fees (2011 fees: hunter \$400/day 1X1 or \$325/day 2X1; observer \$175/day).

Where: Hunt the foothills of the Winterberg Mountains, in the Eastern Cape of the
 Republic of South Africa

Number of Guests: 1 Hunter and 1 Observer

Value: \$5,750.00+

Date(s) of Trip: To be set by mutual agreement 2011/2012

Description: The winning bidder and companion will enjoy the special beauty and unique
 species of RSA's Eastern Cape. Mankazana Safaris, named for the Mankazana River

which flows through this beautiful area of abundant wildlife, encompasses over 80,000 acres and offers over 30 species of game, some unique to the Eastern Cape.

The hunter will pay regular trophy fees, which are very reasonable and competitive. Species to be hunted include these which are unique to the area:

East Cape kudu
Cape bushbuck
Bontebuck
Black wildebeest
Vaal rhebok
Mountain reedbuck
Cape springbuck

Pickup from and return to the airport in Port Elizabeth is included, or guests may prefer to rent a vehicle and combine their visit to Mankazana with a tour of the Eastern Cape's beautiful ocean coastline. Side trips can be arranged for various activities, including a visit to famous Addo National Elephant Park, or for deep-sea fishing.

*The outfitter will gladly apply the included observer day fee to a second hunter. The second hunter, if hunting 1x1 would pay \$225 per day; if hunting 2x1, \$150 per day."

See Mankazana Safari's website for much additional information.

ADDITIONAL VALUE: Henry Durrheim of RiflePermits.com in Johannesburg will discount his normal \$90/hunter fee to \$60 for a single hunter or to \$45/hunter for multiple hunters for obtaining your RSA firearms license in advance of your arrival. Using such a service is highly recommended.

UNLIKE MANY OF THE HUNTS THAT ARE PROPOSED by African outfitters, where trophy fees are so high that even free daily rates aren't worth it, Mankazana's trophy fees are competitive, and the operation is a superior one.

The species and the location distinguish this hunt from all other African hunts offered at this fundraiser.

Silvertine is one of Saskatchewan Canada's most challenging and heavily forested hunt estates. Our Elk and Deer are free roaming on hundreds of acres of heavily forested, old growth aspen and spruce, along with many rolling hills and gullies where the game can hide. Silvertine utilizes all the ethical principals of hunting, and has created an "Estate" hunting environment that

duplicates Fair Chase, a place where you will truly have to match wits with the game animals you hunt. Silvertine specializes in Archery and Muzzleloader hunts, but rifle enthusiasts are always welcome. Hunting can be done from large enclosed tree stands or still-hunting the timber. Your party will be the only hunters on the estate at this time, and have exclusive use. Your hunt will last 3 days and you can choose from a large selection of dates between August 20, 2011 and December 19, 2011, or you can choose to hunt the 2012 or 2013 season.

The quality of big game is second to none, and Silvertine offers hunters a unique opportunity to harvest 4 species of Elk (Rocky Mtn., Roosevelt, Manitoban, and White), Whitetail Deer, Mule Deer, Plains Bison, and Wood Bison. You will experience real hunting with a 100% success rate, and every trophy will easily be eligible for the SCI record books. Add that HUGE trophy Elk to your trophy room this year. A warm welcome awaits you at Silvertine.

Number of Hunters: Two Hunters

Value: \$600

**ONE OF OUR TOP
SUPPORTERS FOR
MANY YEARS!**

Description: Unfortunately for the farmers of Northwest Oklahoma, the hogs are here! This is great news for the off-season hunter. The State of Oklahoma does not recognize hogs as a game species, therefore we can hunt them year around with no bag limits.

Although our club members enjoy hog hunting on the entire ranch, we have set aside a very special area for hog hunting by non-club members as well. Our success rate is about 90% for all hunters. We can accommodate rifle, archery, blackpowder, and pistol hunters. Our average hog killed weights between 150 and 175lbs, but we routinely kill hogs over 300lbs. For some added excitement, ask about our hog hunts with hounds, it will cost you a little extra but it is absolutely some of the most exciting hunting you will do! For available hunting dates, please see our [reservation calendar](#).

All accommodations are available on a fourteen-day advance reservation system. Although kitchen facilities are available, meals are not provided.

Ladies Mink Vest reversible to leather 24"

...retail value \$6,500.00

[Can be exchanged locally for correct size]

Bronze: "Primitive Force" by Lorenzo Ghiglieri

Valued at \$32,000... Limited Edition of 475... Dimensions: 22"h x 44"l x 17"w

Lorenzo Ghiglieri spent many months observing the great herds of North American elk migrating from serene valleys to wild rivers. "*Primitive Force*" attests to the impression these creatures made upon him. This magnificent sculpture of rutting bulls in combat represents a classic moment in the lives of male elk, enacted over and over again in their battle for supremacy through sheer "*Primitive Force*".

Lorenzo Ghiglieri is the patriarch of an artistic dynasty unparalleled in modern history. He was commissioned by the United States of America to create our country's gift to Great Britain for the coronation of Queen Elizabeth II. Such masterpieces have brought him worldwide acclaim.

Ghiglieri collectors include:

President Ronald Reagan

Pope John Paul II

Luciano Pavarotti

Governor Arnold Schwarzenegger

Bronze: "Lookout" by Lorenzo Ghiglieri

Valued at \$29,500... Limited Edition of 475... Dimensions: 26"h x 25"l x 17"w

Lorenzo Ghiglieri has spent much of his career admiring and observing North American wildlife in its natural habitat. The realism with which he lovingly recreates these animals is remarkable. If you have ever seen bighorns perched on the crags surrounding desert country, you know they always appear to be on the "*Lookout*".

Bronze: "African Treasure" by Laran Ghiglieri

Valued at \$35,000... Limited Edition of 125... Dimensions: 27"h x 36"l x 16"w

The African Elephant, by far the largest land mammal on the planet, is often considered the most intelligent. Master Sculptor **Laran Ghiglieri** has broached his subject with reverence, creating a young rearing bull that clearly plans to outlive the elders of his clan and protect his hereditary treasure...his ivory tusks, which are, of course, the "*African Treasure*".

Master Sculptor **Laran Ghiglieri**, rising star of the Ghiglieri Dynasty, has been designing and creating award-winning masterpieces since he was 11 years old. Truly a child prodigy, he answers the call of his ancestral predecessors and follows the footsteps of his father toward artistic brilliance.

A **Laran Ghiglieri** bronze was adopted by the national nonprofit, *The Wildlife Waystation*, and presented as their "Lifetime Achievement Award" for support of wildlife rescue and preservation in 2004.
