## 2019 is in the books

It's late on a Monday night and I must admit, I am a little tired. Travel this year has been continuous and meeting and greeting folks all over the world. I was in Washington meeting with our National Politicians, was in New Zealand right after the ChristChurch shooting, just enjoying the local people and discussing hunting, and was in Louisiana trying to not melt in the heat while hunting trophy gators, oh, and of course all over America at Events and conservation Banquets.

All of this wasn't just for hunting, it was seeing what is missing in the conservation effort and how the current world is viewing it.

Let me start with New Zea-

land. Very nice folks, great place to visit and I'll definitely go again ... however: (info needed—In New Zealand there are no hunting laws, no tags, so no income for the country) when talking to them about adding a tag fee for non-residents to create a conservation fund to stop the Government eradicating all the Stag and Tar (An animal without worth is worthless), they came out of their chairs with NO NO NO, animals belong to the people and there are no laws or tags or anything. Lets say this caught me be surprise.

While living on social media land I have been in MANY discussions, have seen so many anti hunting messages get picked up by 10's of thousands of uninformed people in hours, and have watched the media spout out whatever they want without concern of impact. GRRRRRRRRRR

In talking with politicians on topics from land use, to taxes

and styles of hunting, it almost ALWAYS circles to money, not conservation!

So what's the solution when the rest of the world is against what you know is the best tool for maintaining our wild kingdom?

1—We MUST create a group of like minded folks who can be called to arms when needed to show social media and politicians a force —Action: Create "I Am A conservationist" organization—not to compete with conservation groups but to give the world an engine to inform and teach.

2—Educate, Educate, Educate, and I don't mean like minded folks. I mean the 90% of America that live in cities. Action: Expand our Education programs and help other chapters implement them.

More on both of these in this copy of ... Safari Trails ...

## Creative Writing Competition 2019

### *Essay Contest Sponsored By:*

**Theme:** Students must use the theme, Hunting: Sharing the Heritage, Archery: What I like about Archery in the Schools and Bowhunting or the concept of the theme to develop an expository essay or short story.

**Eligibility:** Students ages 11-17 currently enrolled in any Oklahoma School and home school students are eligible for participation. Winners of the 2018 contest are not eligible. Applicants must have successfully completed an Oklahoma Hunter Education course by the entry deadline.

**Number of Entries per school:** There is no limit to the number of entries per school.

#### **Specifications:**

- Essay or short story should be double-spaced on white, 8 1/2 x 11 paper, with 1 1/2 inch margins on top, bottom and sides. Typewritten copy is preferred. All essays or short stories must be legible.
- Length should not exceed 1,000 words (four typewritten pages) for short stories, or 500 words (two typewritten pages) for essays.
- Students must have successfully completed an Oklahoma Hunter Education course by the entry deadline.
- Papers should be carefully proofed for spelling, punctuation, capitalization and grammar.
- A completed entry blank must be used as a cover sheet and stapled to the essay or short story. Entry must be typed or clearly printed and signed by the teacher or youth group leader.

**Judging:** All essays or short stories will be judged in one of two categories: 11-14 age group or 15-17 age group. Applicants will be judged on the use of the theme concept, creativity, neatness, proper grammar and punctuation. Winners of the statewide competition will be notified by phone:

#### **Prizes:**

- **In the 11-14 age category:** One boy and one girl will get a hunting trip at the Circle P Pogue Ranch in Stringtown or similar and receive a scholarship to the Outdoor Texas Camp for hunting during the summer of 2020. The Oklahoma Station Chapter of Safari Club International will reimburse the winners travel expenses up to a maximum of \$500 per Essay Contest Winner.

**Apprentice Hunter Program Information:** Outdoor Texas Camp's hunting camp is a unique, hands-on camp designed for girls and boys aged 9-16. The program covers hunting techniques, shotgun skills, survival, GPS use, tracking and interpreting sign, small and large caliber rifle skills and scoring and aging deer.

- **In the 15-17 age category:** One boy and one girl will go on a guided antelope hunt in the panhandle of Texas or similar. Winners in this category must comply with all requirements of Texas game laws for the 2020 hunting season. The Oklahoma Station Chapter of Safari Club International will reimburse travel expenses up to a maximum of \$500 per Essay Contest Winner. This trip is subject to change based on Texas Parks and Wildlife Department harvest number rules to be released in September. If the rules or other things prevent a hunt from taking place, an alternate hunt will be arranged.

*The four statewide winners and their legal guardians will be invited to Norman to attend an awards ceremony on Feb 22nd 2020. In addition, the top 25 essay entrants will receive a one-year membership to Safari Club International. The four state winners' entries will be printed in the Oklahoma Station Chapter Safari Club International December Newsletter "Safari Trails". Printing makes the essays eligible for consideration in the Outdoor Writers Association of America Youth Writing Contest. Essays may also be printed in Outdoor Oklahoma magazine. Association of America Youth Writing Contest. Essays may also be printed in Outdoor Oklahoma magazine.*

## *Why I Love Archery*

I love and respect animals and their environments, but I never considered hunting until my Dad started hunting. I thought it was cool and all but never really took an interest in it. When it came time to pick my classes I wanted to take the Outdoor Education class because I thought it was an outdoor class where I could learn about animals. I soon realized the class was actually about hunting safety, archery, fishing, what game wardens do, and hunting rules. I was really not happy. Soon after that my teacher, Mr. Blair

said that we would be doing a unit on archery.

I was first introduced to archery at summer camp. After learning and practicing it, I came to really appreciate the sport. The idea of getting to study it every day at school sounded like paradise to me. I especially enjoyed getting to do archery at the expo. It was so cool and so much fun. Although, everyone in my group found it a little weird that I liked

the recurve bow more than the compound bow.

After I explained that I like the recurve bow more because

it allows me to rely on my own strength and abilities, they did not think it was so weird. Compound bows are nice but they do half of the work for you and I don't like that. However my Dad says that compound bows are easier to hunt with. I love that the Outdoor Education class lets kids in the 8th grade experience and enjoy archery. It is especially fun to be able to try, see, and use the few different types of bows.

I really want to go hunting now that I have had a little bit of experience using bows. I really like them over guns.

Guns are too heavy, difficult for me to move with, and I do not like the smell of them. I really hope my Dad will take me bow hunting now especially since I have learned so much about archery and bow safety. I even have my hunter safety card. Even if I don't get to go hunting I am happy that I got to do archery in my Outdoor Education Class.

I love archery because it is fun, but most of all I love it because it is a way for me to connect with my dad. It is so fun being able to come home and tell my dad all about my class and how well I am doing. He always tells me how proud he is of me. It is also cool that it is something that just him and I share in our family since my mom and siblings do not know anything about archery. Archery is a great subject to talk about with my dad. Now we both know so much about it. Sometimes, I even know more than he does! This gives me so much pleasure. Being able to connect with my dad over Archery is the best.

### *Sharing The Heritage*

#### The First Cold Morning

I studied hard and finally gotten my youth hunter safety card. Rifle season was finally here. Dad said that I better brush my teeth and get to bed as we had to get an early start and there was a cold front coming in. That night, I could hardly sleep! I heard dad's alarm clock sound and was dressed by the time he knocked on my door.

We left the house and drove to the spot where we would park. We'd have to walk the rest of the way to our blind that we built together a couple months earlier. It was still very dark. Dad gave me a green light to see when I walked, but I stayed close to him so he could see too. We got to the blind and felt much colder than the day before. The sun finally started to

come up, and I could see patches of light fog rolling across the meadow.

The morning light began to cast shadows over the field, and it seemed that everything looked like a deer. I had my binoculars up and looking everywhere. I could see my dad occasionally chuckle. He told me, "Don't look for vertical line, like a tree up and down. Look for horizontal lines, like a deer's back". That helped me see further into the woods right away.

"I think I hear something coming," I told Dad. He smiled and pointed to an old raccoon mak-

ing his way back to the hollow tree near our blind. After a while, Dad tapped my leg and pointed off to the right side of the field. I saw two does, a fawn, and a small spike.

"Not the ones we're looking for," Dad said, "but they're still fun to watch." My anticipation grew as I watched them silently graze for what seemed like hours. Dad told me watching the deer would give me good practice with my binoculars. They finally moved on, I guess to bed down for the day. We spent a while watching squirrels play, and an occasional crow looking for some corn. Dad nudged my shoulder with his elbow. This time something was different. He kept staring out the window, never looking over at me. He nodded his head toward the field. I looked out and saw a big deer across the meadow. It had its head down and was moving fast. Its tail was straight back. The deer would stop, run a little further, and then stop again.

### *Sharing The Heritage*

(Continued from Previous Page)

Finally, the deer raised its head. I didn't need binoculars to see that it was a large buck with wide, tall horns. Suddenly, I felt a shortness of breath. My heart was pounding so loud. I just knew he would hear us. Dad leaned over to me and whispered, "This is what we came for. Remember your practice, you'll be fine." His words help me settle down a little. I shouldered

my rifle and found the buck in the scope. I thought he would never stop moving. Dad said, "Take your time, be patient." The buck finally stood still and was looking back at the woods from where he came. I took the safety off my gun and slowly moved my finger toward the trigger.

Heart still pounding, I took the shot. I knew I fired my gun because I heard the report of the rifle but never felt the kick of the gun that had bruised my shoulder many times before in practice. The deer hunched up then kicked like a rodeo horse. He took off running back the way he came. I thought I missed until dad whispered with excitement, "You got him son!"

I saw the white underbelly of the deer as he went down. Dad said, "He just crashed. Remember to secure your rifle." "Yes sir," I said, with a deep breath, I unloaded my rifle. I sat my gun on the wall of our blind. Dad took my hand

and knelt down to give thanks.

After our prayer, we left the blind to retrieve the buck. I was so excited. I wanted to tell the world what I had done. Then I heard my dad say, "I'm proud of you son," and put his hand on my shoulder which was enough for me.

That was seven years ago when I harvested the 12 point off the back side of our property. I'm 13 now, and deer season is almost here. While looking out the window of the bus, searching the fields and tree lines for deer, a cold front came through last night. Once again, I remembered my first hunt and first cold morning I spent in the woods with my dad.

## *Sharing The Heritage*

### My History With Hunting

On a crisp fall morning, as the sun rises over Oklahoma skies, people can be found sitting in a treestand with a rifle in their hands as they pursue the elusive whitetail deer. Maybe it was with a muzzle-loader or bow instead, but to many, this is way of life; It is ingrained into their fiber. Whatever method it was, these people got to hunt and experience what their ancestors experienced many years ago. Having that opportunity to hunt could change someone's life forever; I

know it changed mine.

Most of my family on my father's side hunt deer, turkey, coyote, hogs, elk and so much more. Hunting, for them, started because of my grandfather and my great uncle. For me, it started when I was born. My father named me Maggie after his .22mag, so the fact I have loved shooting guns ever since is inherit. On my seventh birthday my uncle bought me a bb gun. Soon after that, I began shooting my dad's .22 rifle and

told him that I wanted to go hunting.

Finally, when I was ten, he took me hunting and I was able to harvest my first deer.

That hunt got me "hooked" so to speak.

My father and I still hunt old-school, mostly because of me. To me, I do not want the advantage of putting up cameras or hunting over bait, but to each their own. I hunt as much as I can and whatever I can. I have successfully hunted with rifles, shotguns, and muzzle-loaders. This year, I am challenging myself to shoot a deer with my bow. Archery takes a lot more skill than shooting a rifle. The skill of getting closer, shot placement, and the one shot kill mentality.

Growing up, I heard quite a few hunting stories from my dad and uncles. Some of those stories being absurd and some of them

being hilarious. One thing was certain, listening to them has made me love hunting even more. The relationship hunting creates and the bonds with my family and friends; that's the heritage I have instilled into me.

Marc Anthony once said, "Do what you love and you'll never work a day in your life." Well that is exactly what I plan on doing by making a career out of my passion for hunting. I plan to become a game warden and share my love for wildlife and hunting with other outdoor enthusiasts. Maybe some would love it just as much as I do. My family heritage is based on hunting. Hunting is my passion. It is in my blood. It will be my legacy.

Senior Division Boy

**Grade: 11 Teacher: JJ Bull**

**Age: 17 School: Calera High**

How not to take advantage of a privilege given to us. How to hunt the proper way and how to hunt all manners of animals. To do that I need to be able to hunt multiple different animals. Hunting is a dying art and we need to keep the heritage alive. So we are able to pass it down one day to our kids and teach them the proper way to hunt. Because if we don't the art will be lost forever. If the proper way to hunt is lost, we may never get it back. So being able to hunt

may not mean a lot to some people but to me it is a way of life and keeping the traditions of our ancestors alive is everything, because

without them we wouldn't be here.

Unfortunately growing up as I did we never really got to do much because we didn't have much money. Even when my dad and mom worked two jobs, they did the best they could. They always got me what I wanted even when we didn't have the money or I didn't deserve it. I know there are a lot better candidates than me out there and a lot more people who deserve it, but if I won, it would mean the world to me and my dad. He always wanted me to follow my dreams and I owe it to him to try. So I'm going to give it my best, because in the end that's all you can do.

The amount of knowledge you can learn on a hunt is exponential there isn't a better teacher than hands-on experience and if there's one thing I've learned in life you can always get better at what you love, all you have to do is practice. Even if you just practice on a dummy sitting in the yard. You can still get better even if you don't think so you will eventually see the progress you've made. This is the kind of experience I want to show my kids one day. I want to be able to see their face when they kill their first deer or rabbit. Or the first time they shoot a shotgun or rifle because the smile on their face would be worth everything in the world to me. This is what I want to preserve so everyone can enjoy hunting. This is why I think I should win.

## *Sharing The Heritage*

### Hunting Heritage

I grew up hunting as a small boy and my dad taught me everything I've ever known. Hunting is more than just something to do on the weekends it's something you live and breathe. It's something you're proud to do. Something you appreciate. Something you cherish. It's what I want to be able to pass down to my boy or girl some day and I want them to love it as much as I do. I want to be able to teach them what my dad taught me, to teach them how to appreciate animals and all they do for the world.

# Conservation Education Scholarship

## ***Essay Contest Sponsored By:***

Two educators will be awarded a scholarship to an eight-day conservation education school at Safari Club International's American Wilderness Leadership School (AWLS) at Granite Ranch near Jackson, Wyoming. The AWLS program covers many different aspects of conservation education. Lodging, meals and training materials will be provided by Oklahoma Station Chapter Safari Club International. Transportation to Jackson, Wyoming, will be covered by the Oklahoma Department of Wildlife Conservation.

### **Educator applications are judged in categories such as:**

- Training in conservation education or environmental education programs.
- Current programs you are conducting in your school and community with a conservation and environmental emphasis.
- Past programs you have conducted with a conservation and environmental emphasis.
- Teachers of state winners in the youth essay contest: Hunting: Sharing the Heritage, will receive priority consideration.

The AWLS program is conducted during the summer. AWLS presents an outdoor program for educators which concentrates on natural resource management and provides participants with a base knowledge from which they may evaluate conservation efforts. Participants learn about stream ecology, map and compass, language arts and creative writing in an outdoor setting, fly tying, shooting sports, wildlife management, the Yellowstone ecosystem, camping, white-water rafting, educational resources and how to implement outdoor education ideas. Six sessions will be offered June through August of 2020.

**SCI**  
FIRST FOR HUNTERS

## (OSCSCI) Oklahoma Station Chapter Safari Club International, Supports and Contributes Funds Locally & Nationally

*The future of hunting is up to each one of us. It is our financial donations, our efforts in the political arena, and our ability to educate the uninformed public of the important role hunting plays in the welfare of the animal population and their habitat. Our activities and energy must focus on 3 areas - Conservation, Education, and Governmental affairs.*

*We, the members of SCI, are the last best chance that wildlife has to survive in a healthy habitat, and we have to preserve our right to hunt.*

**Oklahoma Station Chapter, SCI is a 501 c (3) Charitable Status Organization**

## Protect the Freedom to Hunt

**FINANCIAL SUPPORT TO PROTECT OUR FREEDOM TO HUNT & WILDLIFE CONSERVATION PRORAMS** - Thirty percent (30%) of net monies raised by the Oklahoma Station Chapter support programs that provide for full-time staff lobbyists & biologists in Washington, DC. SCI is the only hunting organization that has full-time lobbyists & biologists working to provide sound scientific information to influence legislation and regulations that affect hunting both at the federal and state levels. **OVER 70%** of funds raised by the Oklahoma Station Chapter are used in Oklahoma for hunting-education, wildlife-conservation and humanitarian-services programs.

**FINANCIAL SUPPORT TO OTHER CHAPTERS FIGHTING ANTI HUNTING REFERENDUMS IN THEIR STATES.** Support to Alaska Chapter to defeat a wolf referendum that would decimate ungulates (DEFEATED!).

## Conservation

### OKLAHOMA HABITAT DONOR PROGRAM -

- Financial support for the [Hackberry Flats Wetlands project, Frederick, OK.](#)
- Financial support for a "Quality Deer Management" program in Lincoln County, OK.

### RESTORATION OF RUFFED GROUSE & PRAIRIE CHICKEN -

Financial support towards restoration of ruffed grouse and Greater Prairie Chicken habitat in Oklahoma. Support for Audubon Society/OSC conservation project to protect the threatened Lesser Prairie Chicken in Northwest Oklahoma in conjunction with the Lesser Prairie Chicken festival.

### INTRODUCED EIGHT (8) ELK INTO THE EXISTING HERD IN SE. OKLAHOMA

- Chapter financed the purchase, transportation and release of 5 mature bred cow elk and 2 mature bulls plus radio-collar transmitters for monitoring purposes. These 8 elk will improve the gene pool in the existing elk herd in SE Oklahoma which is in cooperation with the Timberline Elk Ranch, Cushing, Oklahoma, and the ODWC. WE HAVE AN ELK HUNT! Way back OSCSCI populated the herd, now it is a reality! OK, not just OSCSCI effort but it was key!

### AIR BOAT (18 X 8'), 502 CU. INCH CHEVROLET ENGINE 502 HP RATING WAS PURCHASED FOR OKLAHOMA DEPT OF WILDLIFE CONSERVATION USE.

Over the past several years, the ODWC has worked to develop comprehensive lake-level plans supporting Japanese millet-seeding programs on Oklahoma Corps of Engineers lakes. Most of these areas are inaccessible to conventional boats due to very shallow water depths and are quite extensive in size, ranging from just a few acres to several hundred. The airboat offers a much higher degree of safety and durability, in addition to increased accessibility to the seeding areas, essential to ensuring the program's continued success.

[ODWC Contributions](#)— Since the foundation of the Oklahoma Station Chapter of SCI, over \$ 300,000 has been funded for various Wildlife Department programs either through direct funding or purchase of equipment for ODWC use.

## Education

[OSU SHOTGUN CLUB](#) – OSU Gun Club Representing Oklahoma State University, is dedicated to practicing and teaching gun safety while also participating in recreational shooting. We participate in competitions with other universities all over the United States, including but not limited to Wyoming, Colorado, Texas, Kansas, and others. OSCSCI worked with the gun club to fund their new Trailer and cargo container for on-site storage for all equipment as well as Liberty Safe for storing shotguns used by club members.

**SIGNIFICANT FINANCIAL SUPPORT FOR YOUTH EDUCATION & OUTDOOR PROGRAMS** – Archery in the Schools program (\$ 19,500), Last Frontier Council - Boy Scouts of America; Eddy Eagle Gun Safety program; Make a Wish Foundation, Youth Hunter Education Challenge, & the 4H Youth Shooting Team. Further provided initial funding to the ODWC to facilitate The Oklahoma Scholastic Shooting Programs and introduction in the schools of the Explore Bow Hunting Program

**OKLAHOMA CITY GUN CLUB YOUTH SHOOTING AREA** – Helped fund the structures needed to create a separate youth shooting area and the gun club with a \$1500.00 donation

**OKLAHOMA DEPT OF WILDLIFE CONSERVATION COLORING BOOKS** - We purchased 65,000 wildlife conservation coloring books for school children.

[CREATIVE WRITING COMPETITION](#) -An annual youth essay writing contest that focuses on America's hunting heritage sponsored through the Okla. Dept of Wildlife Conservation. Two students in the 11-14 age category win scholarships to attend a weeklong conservation program. One boy and one girl, 15-17, each win a guided pronghorn antelope hunt and presentation of their mounts at the Annual OSC Awards Banquet & Charity Fundraiser. Norm Strung Youth Writing Contest – all category winners are put in for the National award years. Our Oklahoma kids win this VERY regularly!

[CONSERVATION EDUCATION SCHOLARSHIP - AMERICAN WILDERNESS LEADERSHIP SCHOOL](#) - Each year, our Chapter and the Okla. Dept. of Wildlife Conservation sponsor two Oklahoma educators, and some years 3, for an 8-day experience at SCI's Granite Ranch near Jackson, Wyoming, in fields of wildlife ecology, firearm safety and shooting sports, camping, white-water rafting, stream ecology, natural resource management with a base knowledge from which to evaluate conservation efforts. They bring this training back to their classrooms to educate thousands of Oklahoma youth on the value of hunting as a wildlife management tool. Outdoor skills are also learned which include wildlife conservation, habitat management and additional outdoor sports skills are taught and learned including survival and all safety features of the shooting sports and other activities such as camping, hiking, fishing, wildlife and plant identification etc.

[STEP PROGRAM](#) – Okla. Dept of Wildlife Conservation's Shotgun Training Education Program ("STEP") – OSCSCI supported this program by originally purchasing a custom built 26-foot long gooseneck equipment trailer. OSC purchased two additional trailers. These trailers carry the program's portable trap machines, firearms, ammunition, safety and gun maintenance equipment. In the past 10 years, 100,000 persons in the state of Oklahoma (65% are youth under the age of 18) have participated in STEP, learning the importance of hunting as a conservation and management tool and improving their shooting skills to ensure the humane harvesting of wildlife.

[OPERATION GAME THIEF TRAILER](#) – Okla. Dept of Wildlife Conservation's [Operation Game Thief \("OGT"\)](#) – OSCSCI supported this program by supplying funding in excess of \$28,500. The OGT is a program of the Oklahoma Department of Wildlife Conservation designed specifically to stop illegal killing of the fish and game which belong to YOU, whether you're a sportsman or not. It's a big problem with no simple solution. Help from the public sportsmen, makes a difference.

One day before the opening of a recent deer season, two men killed four whitetail bucks. Late one summer night, three men steered their boat across a state reservoir, stopped at their illegal net site and hauled in a load of striped bass and other open-water fish they could sell for \$1 a pound on the commercial market.

In each of these examples, you were the loser. You lost hunting and fishing opportunities or the chance to view wildlife in their natural surroundings. At the same time, law-abiding sportsmen received a bad reputation from those who fail to distinguish between legal and illegal hunting. OGT is something everyone can do to help wildlife and help us apprehend the poachers.

**OKLAHOMA WILDLIFE EXPO** – Our Chapter supports the ODWC - Wildlife Expo with significant funding and with workers. This is the biggest and the most successful comprehensive hands-on outdoor education experience and recreation event in State history. Approximately 45,000 attend annually. In 2008, OSC began “Predators of Oklahoma” with a game for thousands of youth to identify the animals and win a prize for successfully doing so (all eventually won). This program continues each year.

**WILDLIFE HERITAGE CENTER MUSEUM, ANTLERS, OK.** – Our Chapter contributed to the building of the museum/learning center in SE Oklahoma. The operation is a joint agreement of the Okla. Dept of Commerce, Okla. Tourism and Recreation Dept and the Okla. Dept of Wildlife. The facility will be utilized as a regional tourism attraction while at the same time serving as a wildlife and natural resource conservation public education center.

**SAFARI IN A BOX** - Safari in a Box is a K-12 education kit designed to provide exciting, hands-on learning. It gives teachers and others who work with young people resources and ideas to introduce youth to important concepts of habitat, wildlife management and impacts resulting from human and wildlife interactions. Initial SIB placement was in memory of OSC member David Rocker.

**"SCI SAVES CSI"** - 2009 support of OSU's "Insect Adventure", a project which teaches basic conservation principles to over 300,000 individuals in Oklahoma each year (and also contributes to the conservation of the endangered American burying beetle, a species valuable in Crime Scene Analysis).

## Humanitarian Services

**SAFARI-CARE** – On numerous occasions, OSCSCI members have traveled internationally and carried medical, educational and relief supplies to villages in need of support.

**SPORTSMEN AGAINST HUNGER** – OSCSCI originally funded 100% of operating expenses for the program in excess of \$200,000 annual budget. OSC also managed the program State-wide for over 10 years. OSC continues to financially support this program annually, with a \$ 2,000 contribution to ODWC.

**SENSORY SAFARI DAY** - A hands-on adventure for sightless and sight-impaired children and adults. Members loan their animal mounts for these people to see for the first time, through their fingertips, animals from around the world. The event is co-sponsored by the Okla. Dept. Wildlife Conservation, Oklahoma Station Chapter - SCI and the H&H Gun Range.

**VETERANS' HUNTS** – OSCSCI organized Mid-East-Conflict veterans' hunts in conjunction with Jay Barczak of Wild Game Outfitters-Duchess Creek Ranch, Porum, OK, and in conjunction with other supporters.

- Three veterans were drawn from public nominations for guided elk and deer hunts, which were complete with all accommodations.

- OSCSCI and Mankazana Safaris presented a Purple-Heart veteran the hunt of a lifetime. OSC supports our troops who protect our freedoms!

- OSCSCI hosted a disabled Marine Sniper Scout on a PERECT July Sheep hunt with Windsong Adventures in Eastern Oklahoma.

- OSCSCI donates annually to Bowman Lodge Shootout which in turn creates hunting opportunities exclusively for disabled veterans.

- OSCSCI also support Veteran's organizations such as **FALLEN OUTDOORS**, where by a veteran is selected to harvest A Trophy Deer and veteran's children are invited to a spring Turkey Hunt compliments of Jon Frazier of DV Ranch in Welling, Okla.

### *Exhibitor/Item Donation Program*

Oklahoma Station Chapter SCI is your partner in Oklahoma that protects the freedom to hunt for all hunters and not for any specific species. We have done this through a million plus dollars and labor of funding special programs, trailers to the ODWC and OSU, ELK purchases for state lands, habitat program funding, Education Programs, and much more. OVER 70% of ALL donations stay right here in Oklahoma to support our state.

The future generations of our hunting heritage are in constant need of maintaining. Some efforts come at the legislative level but the majority is in education, specific species restoration and the never ending need to get more people involved. Without large supporters, these things simply cannot happen and our children and grandchildren will not enjoy what we have today. Bring out the Philanthropist in yourself and help us in these future impacting endeavors! How do you think we all felt when the first ever Elk hunt in Oklahoma kicked off after OSCSCI had brought 8 Elk in, in years past to enhance the herd? Yes, it felt GREAT!

We have over 400 VIP's who attended our banquet each year that spend 100's of thousands of dollars. That is (400 sets of eyes) that your product, logo and name gets direct marketed to. 95% of all of these eyes live in the state of Oklahoma and are focused!

Our banquet on Feb 22<sup>nd</sup> 2020 will have 40 booths for Exhibitors/Vendors. The price of a space is \$250 and includes 2 tickets for the evening's banquet. Setup will start at 8:30AM, the space will be open for spectators from 11AM till banquet close around 11PM. ALL vendors will be published in our "International Award Winning Banquet Program 2020!" in print and online for the entire year!!

Payment can be done in direct dollars OR in donation. Donate to us over \$250 in items we can use in our banquet and get your booth for free!! This is the second year of this vendor program and future years it is expected to grow. Get in now or space request may have you looking in from the outside.

Re: 2019 Camper Sponsorships...Annie Brannon and Christopher "Evan" Davis

Hello Sam,

Thank You once again for Sponsoring your two Junior Essay Winners to our 2019 Camps. Each year I eagerly await the two Campers that your Oklahoma Station Chapter of SCI sponsors, as they are historically some of the BEST Campers we have all year. This year you did not disappoint once again...

Annie Brannon was as Fine a young lady as anyone could hope to meet. She not only had amazing Outdoor Skills, but was everyone's favorite, and choice, for Camper of the Week...as so many other of the young men and women you have sponsored to our Camps have been over the years. Annie quickly became friends with Taylor Talley, your Junior Essay Winner from 3 years ago, who by the way will return next summer as an Intern.

Christopher "Evan" Davis was a Model Camper as well at our Bass Fishing & Fly Fishing Camp on Lake Bastrop. His contagiously positive attitude, eagerness to learn, and friendly nature fit in well with our Camp Culture.

Sam...The efforts that your Oklahoma Station Chapter of SCI, and Oklahoma Department of Wildlife, go to in Developing Today's Youth for Tomorrow's Outdoors should be a model for ALL Wildlife Conservation Chapters and State Game Departments around the country. In fact, I plan to use it to challenge other Wildlife Conservation organizations to do the same.

# Live Auction

Let's get ready to rumble!! The live auction is, of course, the most entertaining part of the night. You **MUST** have a **BIDDER NUMBER** to bid on live auction items. If you do not have one, proceed immediately to get yourself one, you'll feel more like one of the cool kids for sure.

To bid; raise your hand, flag your napkin, raise your partner, stand and yell at the auctioneer – just about anything works to get some attention! Don't miss the hunt of a lifetime because you couldn't get seen!!

The winner of each item will additionally have his number put in twice per won item for the "Winning Bidder Game" Don't fret if you got beat out, as the second highest bidder gets their number put in once for this. So think about it, you already are getting the hunt or product of a lifetime, and another chance to win!

In the heart of Southern Africa under the African sky, beneath the southern cross, where animals roam in abundance, you will find an African experience called Ibamba Safaris.

'Ibamba'

an African word that describes the moment when a predator takes its prey — that instant of ecstasy and pride, when the hunter has successfully stalked his target, and made the kill.

At Ibamba Safaris our goal is to make your African adventure a once-in-a-lifetime experience for the first-time or experienced hunter who wishes to walk in the footsteps of the great African hunters of the past. An Ibamba Safaris will provide you with an unforgettable experience: a journey under the African sky that you and your family will remember for generations to come.

**Value: \$ 5995.00 Min: \$2950.00**

Take a step back in time to the untouched beauty of the Belizean sea. This trip offers a private island adventure far off the beaten path of your everyday traveler. Located off the southern coast line of Belize, you can spend your days snorkeling, diving, and fishing to your hearts content. You can free dive for lobster and conch when in season (season opens mid-June), and try your hand at spearfishing for lionfish. After catching many of the migratory fish always present in the area you can swim with the Whale Sharks from March-June or wild Dolphins and Pilot Whales year round. Catch and release the giant sharks in the deep blue or catch the huge Snappers, Groupers, and schools of Mahi Mahi that frequent the surrounding ocean. Trolling the seafloor you will have a chance at a vast variety of underwater creatures including the massive amounts of aggressive Barracuda, Wahoo, and Tuna that patrol the shallow water flats. Try casting for the hard fighting Bonefish or the allusive Permit. Take a break from all the salt water and travel up the Jungle Rivers to have a go at Tarpon and Snook hidden in the shadows of canopied creek beds. Relax in hammocks while enjoying the sunset horizon view before you feast on your fresh caught seafood and local cuisine. Fill the island with your friends and family to a maximum occupancy of 8 people.

**Included in this package:** 1 night mainland, 4 nights private island, 6 days lodging, fishing, diving, snorkeling, guides, meals, transfers, and local rum and beer.

**Not Included:** Airfare, Friday overnight stay in Placencia, and tips, \$25 License

**What:** 8 days 7 nights Wild Belize at the Cotton Tree Lodge Maya Jungle Adventure  
**Where:** Central America  
**When:** 2020/2021 season  
**Who:** 2 Adventurers

**Value: \$ 4495.00 Min:\$2195.00**

**Not Included:** Airfare, tips, zip lining, and fly fishing equipment. Airport to Jungle \$100 per person

Step into the world of the Maya and explore untouched rivers and jungles for a once in a lifetime experience. Tour the rainforest and awaken your senses to the sounds of exotic birds and wildlife. Rope swing from trees along the Moho River or paddle upstream in a wooden dugout canoe or kayak. Go horseback riding in the jungle or maybe visit the many Mayan ruins in the area. Take a 30 foot jump from a waterfall in the morning and make your own chocolate bars in the afternoon. Visit the small town of Punta Gorda on market day and see the vast array of local fruits, vegetables and fish. The lodge is totally off the grid, using mainly solar power. They raise fresh crops, harvest local wild fruits, and even tend their own flocks of chicken, goats and cattle. Your cabanas are nested 16 feet above the ground and perched along the slow moving Moho River. After you have enjoyed an evening gourmet meal prepared by our chef, fall asleep to the sounds of the Howler Monkeys and the sound of the jungle. This, and more await you.

Come join us in the beautiful woodlands of North & Central Missouri for a classic archery/crossbow Free Range Whitetail Deer hunt. Hunting takes place from tree stands & ground blinds in hardwood forests, along woodland creeks, field edges, and over food plots. Average trophy sizes range from 130-150, with some 160-180 Missouri bruisers being harvested each year. This is a wild and entirely free ranging hunt that takes place on multiple private land parcels scattered over 4 counties, public lands, and leased grounds. We are the only Licensed Guide & Outfitter hunting the pristine Mark Twain National Forest of Missouri on a special use permit. We operate two lodges, one North & one South 170. We offer Archery, Crossbow, Muzzleloader, and Alternative Weapons hunting opportunities. There is a great chance of harvesting a deer and enjoying all that Missouri has to offer. After a full

day of hunting, return to the beautiful lodges & enjoy chef prepared meals. **Not included: airfare or transport to Missouri, \$265 per person Tag(s)**

**What:** 1 giraffe & 1 other plains game of choice, 2 days tiger fishing in the Okavanga River.

**Where:** North East Namibia/Caprivi Strip

**When:** March-Sept 20/21

**Who:** 1 Hunter 1 Observer

**Value: \$ 6390.00 Min: \$2750**

Safari Unlimited invites you to the wilds of NE Namibia. Nestled near the Caprivi Strip, Eldoret Safaris' vast properties border the unfenced Bushman tribal lands that contain several different ecosystems. This is a classic African "on foot" plains game safari behind bushmen trackers. Well known as some of the finest in the world, they will not disappoint. Each morning starts with the search for fresh tracks or following up on the tracks from the last evening. Most days will result in slow tracking 6-12 miles, but nothing quite matches the excitement of tracking a free ranging Eland, Kudu or Big Bull Giraffe. Every evening, fresh game tenderloin along with local favorites and a cold Windhoek lager await your return. After a successful hunt in the bushmen lands, you will travel less than two hours to spend the next few nights on the banks of the Okavanga River. You'll be comfortable in our well-appointed bungalows with open air Brie's during your river adventure. You'll spend two days fishing for the mighty tiger fish along with many other unusual river fish. Making up the border of southern Angola and North East Namibia Hippos, crocs and massive amounts of bird life call this river home. This adventure is a rare treat of unspoiled Africa in one of the safest countries on the continent. **Not included: airfare or transport to Namibia, \$200 Firearm Rental, Hotel Before/After \$100 per night**

**What:** 4 Days 5 Nights, Wing Shooting and Fishing

**Where:** Hermosillo, Mexico

**When:** Sept-Dec 20/21

**Who:** 2 Hunters

**Value: \$ 4990.00 Min: \$2195**

Welcome to the home of the Vaqueros, the Mexican Cowboys. Sonora in Western Mexico, will be your home for the next 4 days & 5 nights, while fishing the famous Lake Oviachic & shooting the skies for the challenging Mexican doves. Spend half your days, either mornings or afternoons, chasing bass that can reach double digit size and the other half will be spent shooting the vast flocks of four species of doves. The white winged, mourning, collared, and purple dove make up the variety of opportunities that will make you feel like a champion wing shot. The bass fishing includes your own bass boat, guide & tackle, and cold refreshments in the beautiful desert surroundings. This trip includes lodging at a Mexican 4 star hotel in Obregon, traditional Vaquero meals, and all transportation during your trip. This region of Mexico is very safe and filled with friendly locals and vibrant culture. One or two day outing to the beaches of San Carlos and a full day of offshore fishing in the Sea of Cortez is a great add on for your adventure. Hasta Pronto Amigos! **Not included: airfare or transport to Mexico, \$200 Firearm Rental, \$150 Tags, \$170 case of shells after 1st Case Free**

Southern Cross Hunting sustains 15 000 acres of natural habitat in South Africa. This land is entirely dedicated to over 400 species of fauna and abundant indigenous flora. Hunters in low annual numbers keep herd numbers healthy and allow us to conserve this unique biome for the future of South Africa's wildlife and the future of the people and their families who are dedicated to the work of conservation through hunting.

Southern Cross Hunting employs 15 staff members who support 30+ adult family members and over 25 children.

All the animals harvested on our hunting ranch provide an annual meat supply to our Local Communities, the 70+ people who are directly and indirectly involved with Southern Cross and the needs of our busy lodge.

Located at an elevation of 998 meters above sea level, the mountain elevation stands high above the surrounding area with a small summit area, steep slopes and local relief of 300m or more. The Mountain Zebra National Park is a close neighbor and the two locations are similar in natural habitat.

My name is Steve Carroll, I've been fishing since I could hold a pole and I've been guiding fishing trips since 1980. I started in the Gulf of Mexico in Northwest Florida then moved to Texas and began live bait fishing for Stripers and Hybrids. I've been guiding in Oklahoma since 1999. I enjoy meeting new people who are interested in fishing or learning more about fishing.

My guide business has been getting bigger and bigger every year. I've always done it on a part time basis, since I had a full time job at American Airlines for the past 23 years. I retired from that job at the end of 2008, so now I'm guiding full time. I am available seven days a week.

I was the president of the Oklahoma Striped Bass Association for three years. I'm a Pro Staff Guide for Lowrance Marine Electronics, Driftmaster Rod Holders, and Motor Guide Trolling Motors, Yeti Coolers, Costa Del Mar Sunglasses, and Zebco/Quantum rods and reels.

Most of my guided trips are instructional in nature. I specialize in customizing each individual trip to suit the customers wishes for booking the trip. The most popular subject is how to use the GPS and Sonar to locate and catch fish.

Join me on the water to create a lifelong memory.

This is a 6 day/6 night African photographic safari for two people—luxury Hemingway-style tents, Heritage Safari Lodge, or Zulu Nyala Game Lodge, depending on availability and your preference. Lodges are luxury air-conditioned; tents (also luxurious) have fans...all situated in the heart of South Africa's Zululand conservation region - one of the richest conservation regions in South Africa. This is "full board", which is three delicious meals per day, prepared by the finest international chefs - with an African flavor of course. You will enjoy two game viewing activities per day, guided by professional game rangers in open game viewing vehicles, in Zulu Nyala game reserve. Tailor-made tours and hunting trips within South Africa and neighboring countries can also be arranged.

**"A tantalizing taste of the wild in the heart of Africa's richest conservation region!"**

# ROBERTS RANCH OUTFITTERS

- ☑ **What:** 2 persons- 3 day Archery Deer Hunt
- ☑ **Where:** On the Red River near Davidson Oklahoma
- ☑ **When:** 2020 deer season, scheduled between Outfitter and yourself
- ☑ **Misc:** Lodging is included

**Not Included:** Meals, Transportation to and from Davidson, Hunting License  
**Contact Info:** Monty Roberts

 Email: robertsranchoutfitters@yahoo.com

Two hunters will enjoy Monte's hospitality at Roberts Ranch while hunting free range whitetails along the Red River. High stands, low stands, maybe a little free standing, it all about tactics with Whitetails. Only mature bucks with 8 points or more with rough score above 130 may be taken.

Arrive on the evening before the first day of hunting, hunt three days; depart the evening of the third day.

Meals can be obtained in Fredrick OK or Vernon Texas (20 min drive time).

The ranch has camper slots with water, electric and dump station or you can stay in the 5 room bunk house. A bow range is available to ensure accuracy before your hunt.

Roberts Ranch Outfitters is a homestead ranch located on the Red River near Davidson Oklahoma and Vernon Texas. This ranch features wild ranging river bottom Whitetail deer with natural bucks ranging to above a 180 rough score. This ranch is an ideal opportunity for stand hunting whitetails in an outstanding habitat. This is a great hunt to use rattle and grunt techniques to bring big bucks up from the brushy bottoms.

## SO MUCH MORE THAN JUST HUNTING

Briarwood Sporting Club is home to a pristine Whitetail preserve that hosts the perfect natural habitat of food plots, thickets and natural hardwoods. Several years have been invested compiling the industry's best genetics to provide our clients with the largest whitetails in North America. On our guided whitetail deer hunts, one can expect to see several whitetails in excess of 200" and have the opportunity to harvest the "Buck of a Lifetime". Briarwood also offers open range Whitetail and turkey hunts throughout Logan County, Ohio. Our open range properties are meticulously hunted and prepared to allow the hunter the best opportunity to harvest a mature Ohio whitetail.

**What:** 3 Day 4 Night Whitetail Estate Hunt plus \$1000 trophy fee per hunter

**Where:** Ohio

**When:** Sept - Jan 2020/2021

**Not Included:** Remainder of Trophy Fee (est \$4000 per Hunter), Travel to and From Estate

**Value: \$ 4000**

**100% Donation**

For over 40 years Briarwood Sporting Club has been a "slice of wilderness" in central Ohio, embracing a relaxed and casual atmosphere of soothing freshwater amid breathtaking vistas. Briarwood features a majestic landmass covered with numerous lakes and trout streams, filled to the brim with trophy whitetails as well as turkeys. The gorgeous hardwoods and meadows present a natural habitat that is mixed with sporadic food plots and wildlife openings. First-class service, accommodations, lodging, lakes, streams, food, fishing, and hunting all come together to form an unforgettable experience.

At its start in 1977, Briarwood quickly became renowned for its members only private Ohio fishing club. Sixteen lakes are stocked with world-class Small and Largemouth Bass, Bluegill, Walleye, Perch, Tiger Muskie, and Hybrid Striped Bass, while our spring-fed streams are regularly stocked with Brown, Brook, Golden, Blue, and Rainbow trout.

Over the years, Briarwood has become an elite destination for both estate and open range whitetail hunts. Briarwood has compiled the industry's best genetics, providing our clients with opportunities to harvest the largest whitetails in the world. On our guided whitetail deer hunts, one can expect to see several whitetails in excess of 200" and have the opportunity to harvest the "Buck of a Lifetime."

**VALUE: \$PRICELESS Min: \$ 640.00**

**Does Not Include:**

- ☐ \$27.50 Preserve Shooting Permit - Out of state hunters do not need a nonresident hunting license or a hunter safety certificate. If you have a Kansas Hunting License you do not need to buy Preserve Hunting Permit.

At Bluestem Hunting Preserve, great upland bird hunting is our passion and we strive to recreate the excitement of opening day Pheasant season every time we step into the field. We do this with knowledgeable guides, experienced dogs, and plenty of birds. We offer traditional Kansas field hunts for Pheasants and Quail on gently rolling terrain with quality cover. We hunt birds every day from October 1<sup>st</sup> through March 31<sup>st</sup>. Our hunting fields are a combination of native Bluestem grass and wooded creek bottom located in Kingman County. We also offer deer hunts with a variety of prime Whitetail habitat locations. We are able to accommodate hunters through both rifle and archery season, as well as black powder. Spring Turkey hunting is a great option as well with much of the same land advantages. We can assist with guiding you toward this opportunity or you can try your own luck as a self guided option as well.
